PRICE TEN CENTS

A 3.5-inch rocket team charges down a jungle trail toward a forward position to join the fight against a Viet Cong squad that was holding up a company of U.S. Marines during patrol action south of the Viet Nam demilitarized zone. The launchers are used to dislodge the enemy from bunker and trench line positions. Encounters with the Communists south of the zone began last July and have erupted sporadically since. Most of the enemy forces are North Vietnamese regular troops. (AP Wirephoto)

Over 350 Communists Killed By Allied Force

SAIGON, South Viet Nam (AP) — U.S. bomber pilots reported silencing 10 anti-aircraft gun positions in North Viet Nam Sunday along a main rail line to Communist China.

During 127 bombing raids in the North, U.S. fliers also attacked four surface-to-air missile sites including one only nine miles northeast of Hanoi. Navy attack bombers reported destroying a North Vietnamese torpedo boat 50 miles northeast of Haiphong in the Tonkin Gulf.

Ground fighting in South Viet Nam dwindled to small and scattered actions after a week-end in which U.S., South Vietnamese and Korean forces reported more than 350 Viet Cong and North Vietnamese killed and 176 captured.

During the raids over the North, a U.S. Air Force F105 Thunderchief was shot down and the pilot is missing. It was the 38th plane reported lost in the war over North Viet Nam.

The anti-aircraft gun positions knocked out by Air Force Thunderchiefs were part of a chain protecting the northeast rail artery 50 to 55 miles northeast of the Red capital, a U.S. spokesman said.

Navy planes from the aircraft carrier Coral Sea attacked three SAM sites in the Thanh Hoa area, and the spokesman said they heavily damaged all three. The fourth missile site, nine miles from Hanoi, was pounded by Air Force bombers.

Marines Hard Hit

U.S. Marines operating near the demilitarized zone between North and South Viet Nam reported a possible kill of 60 North Vietnamese army regulars in a fierce fight Saturday. The Leathernecks were hard hit

Weather

By The Associated Press

ESCANABA AND VICINITY — Sunny and continued cool today, high near 60. Partly cloudy and not quite as cold tonight, low near 40. Tuesday partly sunny with a chance of brief light showers, high 64. West to northwest winds 16 to 14 mph today, mostly southwest tonight. Wednesday outlook: partly cloudy and cool. High yesterday, 60 and low overnight, 37. Precipitation probabilities: less than 5% to day and tonight; Tuesday, 30%.

Upper Peninsula — Mostly sunny this afternoon. Increasing cloudiness tonight. Tuesday a chance of occasional rain or showers. Low tonight 25 to 42. High Tuesday 54 to 60.

The sun sets today at 6:39 p. m., and rises Tuesday at 6:41 a. m.

Erhard To Ask For Delays On Arms Purchase

WASHINGTON (AP) — Diplomatic sources say Chancellor Ludwig Erhard plans to ask President Johnson to postpone Bonn's agreement to buy \$1.35-billion worth of U.S. military equipment in the two years ending next June 30.

Erhard, who arrived here Saturday for two days of talks with Johnson, explained his government's predicament Sunday to Secretary of State Dean Rusk and Undersecretary George W. Ball, informants said.

The chancellor reportedly told the U.S. officials that West Germany is unable to pay more than 50 per cent of the \$675 million obligation each year to help defray the cost of keeping 200,000 troops of the U.S. 7th Army in Germany.

Rusk, who returned Sunday from a week of talks with foreign ministers at the United Nations, was to join the President and other senior U.S. officials in the talks today and Tuesday with Erhard and members of his government.

Other topics to be discussed include sharing of nuclear weapons and cooperative U.S.-West German space ventures.

Informants said Sunday night that West Germany will have placed orders worth about half of the two-year obligation by the end of the year but will ask for additional time to place the remainder.

Radioactive Wire Used Successfully To Treat Cancer

CHICAGO (AP) — Researchers at the University of Chicago say that radioactive chromium wire has been used successfully in the experimental treatment of cancer.

"Six years ago a patient with a life expectancy of six months was treated with radioactive chromium wire," Dr. Melvin Griem, an associate professor of radiology said Sunday. "He is leading a normal life today."

Griem led the experiments at the Argonne Cancer Research Hospital of the University of Chicago.

Since the initial use of the wire, 10 additional patients have undergone such treatment. These cases, Griem said, are being evaluated.

As explained by Griem, the radioactive chromium wire was cut into short lengths and inserted into cancerous tissue of patients to retard or destroy the cancerous growth by radiation.

U.N. Asked For Peace Meet Aid

UNITED NATIONS, N.Y. (AP) — The deputy prime minister of Malaysia asked all other U.N. members today to help get a peace conference of "the immediate parties" to the war in Viet Nam.

Speaking in the assembly's general debate, Abdul Razak also urged U Thant of Burma to continue as U.N. secretary-general, hailed the recent end of Indonesia's war against Malaysia, and welcomed Indonesia's impending return to the United Nations.

GOP Has Plans To Trim Costs In Anti-Poverty

WASHINGTON (AP) — Republicans are ready with their own anti-poverty plan today as the administration's much-criticized program finally reached the House floor.

House Republican Leader Gerald R. Ford says the GOP plan would cost the government less than half as much.

The Michigan Republican said in an interview the GOP's so-called equal opportunity bill would cost about \$1.75 billion, or which \$750 million would be paid by state and local governments and private industry.

The administration bill, which would carry the war on poverty into its third year, would cost \$1.75 billion — all in federal funds.

Ford said the GOP plan, to be introduced this week, is a concrete example of the Republicans' drive to cut federal spending. He said cuts are imperative "because of the Johnson-Humphrey inflation we're faced with — primarily because of excessive spending out of the federal treasury."

Ford declined to speculate on the GOP bill's chances for enactment.

Democratic House leaders predict the administration bill will pass by a narrow margin in spite of rough opposition.

Ford announced the Republican plan Saturday at a news conference in Grand Rapids, Mich.

The administration bill comes to the House floor after a long delay while Congress is working on several major bills in a drive toward mid-October adjournment.

If they can squeeze it in, House leaders also want to get passage of one of President Johnson's anti-inflation measures. It would suspend the 7 per cent investment credit for industry, and certain tax-advantageous depreciation formulas.

A RESCUE WORKER gives a soft drink to a six-year-old Japanese boy trapped under debris of a house at Ashivada Village, near Mt. Fuji, Sunday. The house was shattered in a landslide caused by Typhoon Ida, whose torrential rains and 200-mile-an-hour winds caused heavy property damage and loss of life. (AP Wirephoto by radio from Tokyo)

Cause Probed:

Bus-Car Crash Kills Two Men

Why did a station wagon carrying four passengers cross the center line and collide with a Greyhound bus Saturday night?

State Police of the Gladstone Post, who are continuing their investigation, asked that question today in the wake of the accident which killed the driver and a passenger and sent two other passengers to St. Francis Hospital.

Dead are David E. Willard, 66, Rte. 2, Rapid River, the driver, and Norman J. Harris, 63, Kipling, who was a passenger in the front seat of the car.

Hospitalized are Gertrude Slienger, 59, of Trout Creek, and Mrs. Norman (Frances) Harris.

Gertrude Slienger was reported in "good" condition today, though suffering from injuries to her left forearm and wrist and from numerous facial lacerations and abrasions.

Mrs. Harris was reported in "fairly good" condition. Extent of her injuries has not been completely determined.

Crossed Over

State Police said the station wagon in which they were riding was southbound on US-41 and apparently crossed over the center line, colliding with the left front of the northbound Greyhound bus driven by Helmut P. Sheer Jr., 46, of Milwaukee.

Officers said the bus was partially on the right shoulder of the road when the collision occurred, between eight and nine miles north of Rapid River.

Neither driver, one of the five passengers aboard the bus were injured. The passengers continued through to Marquette via another bus later.

Troopers said the station wagon was equipped with seat belts in the front seat, but neither Willard or Harris were wearing them.

State Toll 14

The victims were two of 14 persons who died on Michigan highways over the weekend, according to Associated Press reports.

Rickey D. Erickson, 19, of Skaneateles, died in a two-car head-on collision near Skaneateles, a community in Baraga County, in the only other fatal accident in the Upper Peninsula.

Norman J. Harris was born Nov. 19, 1902, at Garth and had resided in Delta County all his life. He retired in 1956 as a Prudential Insurance Co. agent, but was employed as a salesman by State Wide Real Estate.

He was a member of All Saints Church of Gladstone and also of the Knights of Columbus.

Survivors include his widow,

Damage At U.S. Bases Is More Than \$6 Million

TOKYO (AP) — Hundreds of police and soldiers were pressed into disaster duty today to clean up the debris, restore communications and dig out the dead from the worst typhoon to hit Japan in seven years.

Typhoon Ida smashed into the heartland of Japan, the Tokyo and Mt. Fuji area, early Sunday while Typhoon Helen was still beating southern Japan with less ferocity.

123 Missing

National Police headquarters said the latest count was 197 dead, 123 missing and nearly 1,000 injured. Damage to U.S. military installations was estimated at more than \$6 million.

Government officials estimated Japanese damage at more than \$500 million.

It was the highest typhoon casualty toll since 5,041 died near Nagoya on Sept. 26, 1959.

U.S. Army headquarters said no Americans were badly injured.

Another Blow Coming
A third big typhoon, June, was churning in the Pacific. Weathermen said it might approach Japan Thursday if it stays on its present course.

The weekend typhoons, and particularly Ida, caused multimillion-dollar damage, including 60 per cent of the pear and grape crops in Yamaguchi Prefecture, site of Mt. Fuji.

Salty rain carried by the typhoon also did widespread damage to harvests.

Ida hurled the most violent winds ever recorded by Japanese weathermen — 200-mile gusts — at the top of Mt. Fuji.

Rio's Student Strikes Ended

RIO DE JANEIRO (AP) — Students returned to classes here and throughout most of Brazil today after 10 days of strikes, demonstrations and clashes with police.

In Sao Paulo, however, some faculties remained on strike and planned a meeting this afternoon to decide when they would return to classes.

In Rio de Janeiro, Student leaders were scheduled to confer with Raimundo Moniz de Aragao.

The government has been emphasizing the differences between the students' academic demands and the political turn of their demonstration last week.

The students have been protesting free public universities. They also have echoed growing dissatisfaction with the universities' limited capacities.

As the demonstrations raged throughout Brazil political elements were added to the student protests, with shouts of "Liberty, Liberty" and "Down with the dictatorship."

Norman J. Harris

who is hospitalized as a result of the accident; five sons, Robert of Hampton, Va.; Theodore of Appleton, Wis.; Richard of East Tawas, and Eugene and Gerald of Wells; one daughter, Mrs. William (Theresa) Streeter of Vassar, Mich.; 34 grand children; two sisters, Mrs. Irvin Willis of Gladstone and Mrs. J. E. Buckley of Tampa, Fla., and five brothers, Bert of Russell, Ky.; Lawrence of Tampa, Fla.; Bernard of Wilmington, Del.; George of Trenton and Francis of Tomah, Wis.

Services Set

Friends may call at the Skradski Funeral Home in Gladstone after 4 p.m. today. Parish prayers will be recited at 8 p.m. today. Funeral services will be held at 9 a.m. Tuesday at All Saints Church.

David Earl Willard of Maywood Shores was born July 31, 1900, in Federal, Pa., and has been a resident of the Rapid River area for the past year. He retired Dec. 31, 1965, after being employed as a sales manager consultant for Detrich Chemical Industries of Detroit, residing in Rochester, Mich.

He was a member of the Elks and Rotary Clubs, American Legion Post 301 of Rapid River and of the Sportsman's Club.

The body was taken to Skradski Funeral Home.

The body will be removed at 11 a.m. Tuesday to the family home at Maywood Shores where funeral services will be conducted at 8 p.m. Tuesday.

The body will be then removed to the Potere Funeral Home, Rochester, Mich., where services will be held at 11 a.m. Thursday. Burial will be in White Chapel Cemetery, Detroit.

Survivors include his widow,

MELVIN Stewart Pittman, a Fort Worth Tech High School senior, was charged with murder in connection with the shooting deaths of three persons who he said were strangers to him. He related to police officers, in the presence of newsmen, how he shot the three with a .303 caliber rifle he bought at a pawn shop for \$30. (AP Wirephoto)

U.S. SECRETARY of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko, right, meet in the Soviet U.N. Mission in New York for discussion. They are in a deep impasse over Viet Nam but possibility of progress on other issues appeared. (AP Wirephoto)

Suharto Regime Charged With Lack Of Action

JAKARTA, Indonesia (AP) — Muttering against Gen. Suharto's government broke into the open today with an editorial in a leading paper charging the government had so far produced only promises and no action.

It was the first such attack on the government for failing so far to check the galloping inflation and cost of living. The Jakarta Times warned that if action was not taken soon, the people would lose faith in the government.

Dr. Wehner Is Named Delegate To State Meet

Dr. Merle E. Wehner, Manistique, has been certified to serve as the Delta-Schoolcraft County Medical Society delegate to the Michigan State Medical Society House of Delegates, Sept. 25-27 in Grand Rapids. Dr. Donald N. Fitch, Escanaba, is the alternate delegate.

The House of Delegates, policy making body of the medical society, will meet prior to the 101st annual session of the society Sept. 27-30, also in Grand Rapids.

The delegates will act on resolutions presented by members of the Society and on reports of the many MSMS committees. Committees within the Society cover not only scientific aspects of medicine, but also such topics as traffic safety, medical care in disasters, medicine in religion, sports in medicine, and others.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

Klansman In Court For Liuzzo Slaying

HAYNEVILLE, Ala. (AP)—Ku Klux Klansman Eugene Thomas, already under a 10-year federal prison sentence, faces trial in state court today for the killing of Viola Gregg Liuzzo, a civil rights worker.

But the call of the docket in Hayneville's century-old courthouse found the state seeking to dismiss an assault charge against an special deputy sheriff accused of wounding another civil rights worker in rural Lowndes County.

Attorney General Richmond Flowers, in personal command of both prosecutions, notified Circuit Judge Werth Thagard that he would ask to nolle prossé—dismiss without prosecution—the indictment against Thomas L. Coleman of Hayneville.

Coleman, 56, a highway engineer and member of a prominent Lowndes County family, is charged with assault and battery in the almost-fatal shotgun attack on a White Roman Catholic priest, the Rev. Richard Morrisroe of Chicago.

Flowers has said repeatedly he feels Coleman should have been indicted on a more serious charge than assault and battery, which carries a maximum penalty of six months in jail and a \$500 fine. Dismissal of the lesser indictment would leave the way open for a later grand jury

to charge Coleman with a more serious offense.

Morrisroe, 26, was critically wounded and a companion, seminary student Jonathan Daniels of Keene, N.H., was slain by Coleman Aug. 20, 1965, while the two clergymen were in Lowndes County helping Negroes in a voter registration drive.

Coleman admitted shooting both men but claimed self-defense.

It was questionable whether the special deputy would go to trial this week regardless of Thagard's ruling because the murder charge against Thomas, 43, in the slaying of Mrs. Liuzzo had priority on the docket.

Mrs. Liuzzo, the wife of Teamsters Union official Anthony Liuzzo, was slain by gunshots from a passing car March 25, 1965, after the Selma to Montgomery civil rights march. She had joined others in the march and was driving Negroes back to Selma.

Paul Jacobsen Dies Here On Saturday

Paul Jacobsen of 1404 S. 13th St., Escanaba, a former resident of Norway, died Saturday evening at St. Francis Hospital following an illness of several months. He was a retired pharmacist.

Surviving is one daughter, Miss Marie Jacobsen, a teacher at John Lemmer School.

Friends may call at the Aap Memorial Funeral Home in Norway tonight from 7 to 9 and funeral services are set for 2 p.m. Tuesday from the funeral home with the Rev. Theodore Carlson of the Bethany Lutheran Church of Norway officiating. Burial will be in the Norway Cemetery.

Mrs. Frederick Dies In Florida

Mrs. Betty L. Frederick, daughter of the late Mr. and Mrs. John Gasman of Escanaba, died Saturday at her home in Ormond Beach, Fla.

Her husband, Circuit Judge H. B. Frederick, died in 1962. Survivors include two daughters, Patricia and Katherine at home; one sister, Mrs. Eileen Coplan of Escanaba; one brother, Wallace Gasman, also of Escanaba, and several nieces and nephews.

Dr. DeWitt Will Speak To Central Methodist Dinner

Conservation Services were held Sunday at the Central Methodist Church of Escanaba with the Bishop Marshall R. Reed, retired Bishop of the Methodist Church, presiding.

On Wednesday evening, Sept. 28, at 6:30 p.m., the Rev. Dr. Jesse R. DeWitt will be the guest speaker at the Congregational Commemorative Banquet. Dr. DeWitt is the executive secretary of the Board of Mission and Church Extension of the Detroit Conference of the his tremendous enthusiasm and sincere dedication, planning was guided and approved by the various agencies of the Methodist Church," said the Rev. Robert Selberg, pastor.

Dr. DeWitt's responsibility to the churches of the Michigan area ranges from advising them on building needs, helping them secure funds for church buildings, giving them direction in the actual construction of church architecture, and explaining through promotion, the missionary program of the Methodist Church.

As a part of the Wednesday evening program, the Rev. Eric Hammar, son of Karl J. Hammar, will bring musical selections along with his family.

Ryan Is Named Aide In NMU's Job Corps Center

Ivan Ryan, a Marquette area native, has been appointed associate director of the Northern Michigan University Women's Job Corps Center, President Edgar L. Harden announced recently.

Ryan has been associated for the past two years with Public Services Division of NMU in directing an intensive training program for high school dropouts that focused on both general and vocational education. He also conducted two mobility studies on dropouts for the Office of Manpower, Program Evaluation and Research.

A graduate of the Marquette public schools, Ryan received his bachelor's degree from Northern Michigan University where he majored in health and physical education.

He received his master's degree from the University of Michigan in administration. He is currently working toward his doctorate.

Ryan taught at Newberry and Gwynn School and was later employed as a consultant in guidance and counseling in the Department of Public Instruction in Lansing.

Mrs. E. Johnson Taken By Death

Mrs. Elin Johnson, 77, died Sept. 24 at the Marinette Lutheran Home where she had been a patient for the past six months. Born May 10, 1889 in Sweden she was a member of Christ the King Lutheran Church, Rebecca Lodge, the Evening Star and the Order of Runeberg.

She is survived by one daughter, Mrs. Allen (Florence) Haworth of Hayward, Wis., three grandchildren and one brother and two sisters in Sweden.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p.m. today and complete funeral services will be held at the funeral home chapel at 11 a.m. Tuesday with the Rev. Erlend Carlson officiating. Burial will be in Lakeview Cemetery.

Its streamlined, torpedolike shape enables the tuna to swim at speeds estimated at up to 40 m.p.h.

In Service

Airman Patrick J. Douck, son of Mr. and Mrs. Carroll F. Douck, 1119 6th Ave. S., Escanaba, has been selected for training at Chanute AFB, Ill., as an Air Force fire protection specialist. Douck, a 1964 graduate of Holy Name High School, recently completed basic training at Lackland AFB, Tex. He attended Bay de Noc Community College.

Machinist's Mate Fireman Richard L. Hubert, USN, son of Mr. and Mrs. Wallace Hubert, 331 N. 20th St., Escanaba, is participating in the South China Sea antisubmarine warfare training exercise "Silverstrike" aboard this U.S. Seventh Fleet unit.

This five-day exercise, designed to increase Fleet defense tactics against potential enemy submarines, began Sept. 23.

State Acts To Control Signs Along Highways

A bill authorizing state control of outdoor advertising along the right-of-way of the interstate and primary system to meet requirements of the federal Highway Beautification Act of 1965 has been signed by Governor Romney.

"Some uncertainty exists over whether this bill meets the federal specifications," Gov. Romney said. "However, it is at least a temporary instrument for determining compliance. If it is deemed unacceptable, the Legislature can make necessary revisions in the future."

"It is vital that our state not lose federal highway funds as a result of nonconformity to the Beautification Act."

The new legislation controls the posting of signs within 660 feet of the edge of state highway right-of-way. It does not affect signs advertising services and activities conducted on the property where the sign is located—so-called "on-premises" signs.

It limits the posting of other signs and billboards for a distance of about three-quarters of a mile in each direction from an existing business located in unzoned commercial and industrial areas.

Signs in areas zoned commercial or industrial will also be controlled as to size, spacing and lighting.

Owners of signs violating provisions of the new legislation will have up to five years to remove them depending on when the signs were erected and will be compensated for their loss.

However, billboards erected after Sept. 14 in non-business areas must be removed in five years at the owner's expense and without state compensation.

Salute Nasser

ZANZIBAR, Tanzania (AP)—A 21-gun salute greeted President Gamal Abdel Nasser of the United Arab Republic as he arrived here as part of a five-day state visit to Tanzania.

Nasser was met by First Vice President Abeid Karume, who took over the government following the bloody overthrow of the sultan in 1964.

Struggle For Peace Highlights NMU's Educational TV

MARQUETTE—A new documentary series, "The Struggle for Peace," produced by National Educational Television, will premiere on Northern Michigan University's educational television network, WNMR-TV, at 8:30 p.m. Tuesday, Sept. 27.

Appearing on the program are General Dwight D. Eisenhower, Senator Robert F. Kennedy, Retired General Lauris Norstad, former NATO Supreme Allied Commander in Europe, Great Britain's Secretary of Defense Denis W. Healey's French Foreign Minister Maurice Couve de Murville, West Germany's former Minister of Defense Franz Josef Strauss, Singapore's Prime Minister Lee Kuan Yew, and Soviet Minister Counselor Vladimir Vashev.

The program also will include newsreel films of U. S. Secretary of Defense Robert S. McNamara and the late President John F. Kennedy.

Other highlights of the week: The "International Magazine" series at 8 p.m. today, which will feature a report from Corsica on the French Foreign Legion.

"Wildcat Highlights" at 10 p.m. tonight will feature a film of Saturday's NMU - Bradley football game with commentary by members of NMU's coaching staff.

"Northern Dimensions" at 10 p.m. Wednesday, will include President Edgar L. Harden's address at the first faculty meeting.

"U. S. A.: The Opposition Theatre—The Satirists" is at 8 p.m. Thursday.

"Musicians of the Blue Ridge" at 9:30 p.m. Friday is an hour-long look at the folk singing and dancing of the mountain people of Western North Carolina.

Hospital

Mrs. Helmer Peterson, 1031 Sheridan Road, is a surgical patient at St. Francis Hospital. She is allowed visitors.

Alvin Bailey of Ishpeming is a patient at St. Vincent Hospital, Green Bay. He is in room 825.

Mrs. Gust Trotter of 800 S. 15th St., Escanaba, has been transferred from St. Francis Hospital in Milwaukee to St. Francis Hospital in Escanaba, arriving here Friday evening. She is allowed visitors.

Montana is bounded on the north by three Canadian provinces—Alberta, British Columbia and Saskatchewan.

WOULD YOU HAVE INVESTED MONEY IN THIS CONTRAPTION?

You have probably heard it said many times, "Sure wish I would have been one of the initial investors in the automobile industry." Yet, back in the early 1900's when Ford and a few others were organizing their companies they literally had to beg people to buy their stock. Many of those who were able to envision the future of the automobile and invested at the beginning made fortunes.

In many respects, the helicopter parallels the automobile. It has been predicted that the helicopter industry will enjoy a similar pattern of growth. As a helicopter manufacturer, the R. J. Enstrom Corporation is part of this dynamic transportation industry.

If you would like to be part of the fast-growing helicopter industry here is your chance to get in on the ground floor. BUY ENSTROM STOCK. Only \$12.00 per share. Do it now . . . the offering ends September 30. Send your check to: Enstrom, Menominee, Michigan.

College Offers Classes On TV

Two college courses will be taught by television to area residents through arrangements with Bay de Noc Community College, Michigan State University and Delta TV Cable Co.

Essay writing — Studies in Style, will be offered Monday, Wednesday and Friday, and Persistent Problems in Philosophy on Tuesday, Thursday and Saturday. The courses will be televised on Channel 2 from 6:30-7:00 a.m. and can be viewed at home or at the college. Telecasts began today.

Persons wishing credit will be able to register at the college after a week of viewing. Credit is offered by the Community College or persons can register for Michigan State University credit. The Community College will provide faculty for discussion and examinations.

The courses are part of the Sunrise Semester offerings of CBS Television Network.

Essay Writing is designed to be especially useful to students considering careers in writing or in teaching. It is directed to everyone who has serious interest in the practical workings of language and the desire to heighten personal proficiency.

In Persistent Problems of Philosophy after a brief view of the nature of philosophical reasoning, attention is centered on five basic philosophical problems, including questions of freedom, God, and morality.

Helps Solve 3 Biggest FALSE TEETH Worries and Problems

A little PASTETH sprinkled on your dentures does all this: (1) Holds false teeth more firmly in place; (2) Holds them more comfortably; (3) Lets you bite up to 35% harder without discomfort. PASTETH Powder is alkaline (non-acid). Won't sour. No gummy, goopy, pasty taste. Dentures that fit are essential to health. See your dentist regularly. Get PASTETH at all drug counters. Adv.

Education Of Disadvantaged Meeting Topic

Northern Michigan University will be the site of a regional conference on the Education of Disadvantaged Children to be held Thursday and Friday, Sept. 29 and 30.

Attending the conference will be Upper Peninsula administrators of elementary and secondary schools, and personnel from several state agencies.

Dr. Clayton Lafferty, consulting psychologist, Detroit, will be keynote speaker for the conference which will get underway at 2:30 p.m. Thursday in the Don H. Bottom University Center with an orientation meeting of resource people.

Hanna Denies Violation Of Anti-Trust Law

A civil suit against Hanna and Cleveland-Cliffs Co. brought under the anti-trust laws by Wheeling Steel Corp. charging Hanna and Cliffs, along with other unnamed iron ore companies, with conspiracy to monopolize the Great Lakes iron ore business and to fix illegally, is "obviously ridiculous," said President W. A. Marting.

"Now having had a chance to examine the formal complaint, we can emphatically deny every one of the charges. We assure you that they are completely unfounded," he said.

"Hanna and Cliffs do not, in any sense of the word, have a monopoly on the Great Lakes iron ore market. Hanna has never entered into any type of price-fixing arrangement with Cliffs or anyone else. Our dealings with Wheeling have always been on just the same basis as with our other ore customers. "We intend to defend Hanna vigorously and are confident that the outcome of the case will show clearly that there is no basis for any of the charges," Marting said.

Death Claims A. Vanderville

Mrs. Alice Vanderville, 76, of Chemical Plant location died at 10 a.m. Sunday at the family home. She had been ill health for the past five months. She was the widow of Emil Vanderville.

Born April 14, 1890 in Lincoln Township, Wis., she came to the Chemical Plant location in 1918 and had resided there since that time. Mrs. Vanderville was a member of the Immanuel Lutheran Church. Her husband, Emil, preceded her in death Aug. 18, 1962.

She is survived by three sons, Marvin of Wells, Ervin and Verne of the Chemical Plant location; two daughters, Mrs. Willis (Elsie) Dumas of Gary, Ind., Mrs. Fred (Helen) Breitzman, Chemical Plant; two sisters, Mrs. George Hall of Groos and Mrs. Edwin Heiniger of Carney; three brothers, Herbert Wery, Sturgeon Bay, Wis., Norbert of Green Bay and Joseph of Escanaba. Nineteen grandchildren and six great grandchildren also survive.

Friends may call at the Alto Funeral Home from 4 to 9:30 p.m. Tuesday and the body will be removed at 10 a.m. Wednesday to the Immanuel Lutheran Church where services will be conducted at 11 a.m. with the Rev. Roger Patrow officiating. Burial will be in Garden of Rest Cemetery.

Powers-Spalding

The Spalding Home Extension Club will meet Monday evening at the home of Mrs. Nelson LaBonte at 8. Mrs. Joseph Kirschner and Mrs. LaBonte will present the lesson, "Food Preserving and Handling."

The Maori are the native inhabitants of the islands of New Zealand. The word means native in their language.

Dr. Rowse Will Guest Lecture On Shakespeare

Dr. A. L. Rowse, one of the world's greatest living authorities on the Elizabethan Age and author of the best selling "William Shakespeare: A Biography," will be a guest lecturer Wednesday, Sept. 28, at Northern Michigan University.

The public is invited to attend the lecture which will begin at 8:15 p.m. in the Great Lakes rooms of the Don H. Bottom University Center. There will be no admission charge.

A Book-of-the-Month Club, Dr. Rowse's biography of Shakespeare stirred up widespread controversy, won critical comment in American newspapers and magazines and was a 1964 best-seller.

Considered the foremost historian of the Elizabethan Age, Rowse has written extensively on that period.

Rowse also has written a history of the Churchill family in two volumes, "The Early Churchills" and "The Churchills."

Cornish by birth, he is the author of an autobiography, "A Cornish Childhood," which was a best seller in Britain, and the sequel of which is "A Cornishman at Oxford." His forebears were Cornish miners.

Mountain snow surveys are an important factor in disclosing possible avalanche hazard.

George H. Ryan Taken By Death

George Henry Ryan of 906 Minneapolis Ave., Gladstone, died at 12:45 a.m. today of a heart attack. Born Oct. 25, 1908 in Marquette, he was employed as a tool and dye worker and also worked three years at the Daily Press. He was a member of the Holy Trinity Episcopal Church.

He is survived by his widow, the former Amanda Wallmow; three sons, George H. Ryan III of Coos Bay, Oregon, Richard E. of Apple Valley, Calif., Daniel, a student at the University of Michigan in Ann Arbor; two grandchildren and one sister, Miss Elizabeth Ryan of Brooklyn, N.Y.

Friends may call at the Anderson-Johns Funeral Home in Gladstone from 4 to 9:30 Wednesday and funeral services are scheduled for 10 a.m. Thursday at the funeral home with the Rev. Robert Yonkman of Negaunee officiating. Burial will be in the Fernwood Cemetery.

Teacher Program

MUSKEGON (AP) — A mass education program, for teachers at all grade levels in both public and Catholic schools, will be held Tuesday at L. C. Walker Arena. Schools will close for the day.

George H. Ryan

F. Skrusiensi Dies Saturday

Frank Skrusiensi, 80, a former resident of Bark River, died Saturday evening in Allen Park, Mich. The remains are at the Boyle Funeral Home Chapel in Bark River.

Friends may call from 3 to 9:30 p.m. Tuesday and the Rosary will be recited at 8 p.m. Tuesday. Funeral services will be conducted at 10 a.m. Wednesday at St. George's Church in Bark River with the Rev. Thomas Dunleavy officiating. Burial will be in the Bark River Cemetery.

New Unit Of Toastmasters Is Organized

William L. Miller, area governor for Toastmasters International installed new officers of the Vacationland Toastmasters Club at Iron Mountain at a Ladies Night program Saturday evening at Erwin's Restaurant.

Miller was accompanied by his wife, Bernette and Past President Walter Peterson of the Bay de Noc Toastmasters Club and his wife, Lois.

Tom Lawler is president of the Iron Mountain club.

The local Bay de Noc Toastmasters Club meets on the second and fourth Monday of each month at Marco's Restaurant at 6:30 p.m. The Club is encouraging new members, ages 18 to 21 to join and share in an evening of adult education conducted in a friendly, informal atmosphere.

Let a gas dryer do your back-to-school ironing

What a time-saver! Permanent press fabrics come out looking as if you'd taken them to the cleaners. Pleats and creases sharp and all in place. Right from the dryer, ready to wear.

And savings? You can dry 5 loads in a gas dryer for the cost of drying 1 with electricity. Maintenance costs are negligible.

Now is a good time to buy. Why? INSTALLATION IS FREE. Prices are reduced. No down payments. With children returning to school and all the permanent press clothes... isn't it time you bought a GAS dryer?

Accidents Down

Public education is generally regarded as the biggest single factor in the decline of forest fires in recent years. A concerted campaign by state and federal agencies and by private industry has awakened the public to the consequences of forest fires, and over the years the public has responded by exercising greater caution in the handling of fire in wooded areas, resulting in a reduction in the number of fires.

Now it appears that public education is helping to reduce another outdoors hazard—firearms accidents. How else can we explain the trend toward fewer hunting accidents locally, statewide and nationally?

In the Upper Peninsula last year 12 persons were injured in hunting accidents, the lowest accident toll in this region in the past 10 years. Of the 12 accidents, five were among deer hunters, which equalled the all-time low total in modern times—despite the fact that the number of deer hunters in the Upper Peninsula last year was higher than it had ever been.

The same sort of record was registered in the state as a whole last year. In proclaiming the period beginning Sunday and extending through Oct. 1 as Hunter Safety Week, Gov. George Romney said, "It is encouraging to note that firearms safety programs enabled Michigan last year to record the lowest hunting accident rate in 25 years despite a record number of hunters in the woods."

Although the total number of accidental deaths from all causes during last year rose two per cent over 1964 throughout the United States, accidental deaths attributed to improper handling of firearms decreased three per cent, according to statistics recently released by the National Safety Council. In its 1966 Accident Facts Book, the council reported that 107,000 persons died in all types of accidents last year, an accidental fatality rate of 55.2 per 100,000 population. Council statistics show that 2,200 persons died as a result of firearms accidents either at home or in outdoors activities in 1965. By comparison, more people died from suffocation in home accidents last year than from firearms. In the non-home or public area, more people died from drowning than firearms accidents and there were more fatalities from falls than from firearms.

Certainly a large measure of the credit for reduced firearms accidents must rest with education—particularly the training given to youngsters by the Michigan Conservation Department and the Michigan United Conservation Clubs.

An article on the Northern Michigan Outdoors page in the Marquette Mining Journal points out that 80,000 high school students have received firearms safety training in Upper Peninsula schools since the program was initiated here in 1952 by Paul V. Chalcian, regional information officer for the conservation department.

Downstate, the department's program has been in operation only six years, but already approximately 70,000 boys have been trained in the department's hunter safety clinics there.

The Michigan United Conservation Clubs have trained almost 30,000 other youngsters in the art of properly handling and respecting firearms.

There is talk of mandatory firearms safety training for all youngsters in Michigan applying for hunting licenses for the first time. If this becomes a reality, we can expect further decreases in the firearms accident rate in this state.

The Doctor Says:

Contact Soreads Mono

By DR. WAYNE G. BRANDSTADT

Q—How does one get infectious mononucleosis? What are the symptoms, the usual duration of illness and the after effects? Is rest the only treatment?

A—The cause of this disease is a virus. There is some evidence that it is spread by close contact as it often makes

Questions And Answers

Q—Is there a real balm of Gilead?

A—Yes, balm of Gilead is a precious substance obtained from the sap of a small evergreen tree found in Arabia and Ethiopia.

Q—What is the Air Zone?

A—Air space above the territory and waters of belligerents. In international law, air zone is regarded as a field for military combat.

Q—What annuity does the United States pay Panama for the use of the Canal Zone?

A—In 1955, the United States raised the annuity and, \$1,930,000 annually and, among other concessions, agreed to return land no longer needed for canal operations.

Q—How can poisonous sunnacs be recognized?

A—Their berries always hang in drooping clusters. The red berries of the harmless sunnacs are in dense, erect clusters. The poisonous sunnacs have white berries.

Q—Are there any wild horses left on earth today?

A—Only one—Przewalski's horse, or the tarpan found on the plains of the Altai Mountain region and extreme western Mongolia. Quite different from the modern horse, the animal appears to be intermediate between the true horse and the ass.

Q—Which is the only state in the Union to have a unicameral legislature?

A—Nebraska.

"A Great Revolutionary Storm Is Gathering in the United States!"

Critics Out Of Touch

By BRUCE BLOSSAT

WASHINGTON — (NEA) — Recent events involving the police of various U. S. cities may compel reappraisal of their status and performance by some of their severest critics among white liberals and responsible Negro leaders.

The soberly critical group does not, of course, include the discredited Stokely Carmichael and other operatives of the Student Non-Violent Coordinating Committee, who seem to be calling for total defiance of all constituted public authority. But, rather suddenly, even the responsible critics have begun to appear out of touch with reality.

For some years they have been dwelling so heavily on the real or imagined shortcomings of the police that they cast a cloud over their entire performance.

Less gravely unclear is the critics' notion of what a police force ought to be allowed to do to enforce the law. Some have seemed to demand that policemen should be almost everything—social workers, counselors, etc.—except law enforcement officers.

What a stunning turn-around then, to learn from some well-sponsored surveys released by Sen. Abraham Ribicoff's subcommittee that the great call from the Negro ghettos in key big cities is for more police doing a policeman's job of protecting the citizenry against marauding lawbreakers.

The citizens of the ghettos revealed dramatically their lives are dominated by fear of the criminals who prey upon them. They want release from that fear and they see the police as part of the answer. To the interviewers, specially trained Negroes from their own neighborhoods, they did not volunteer "police brutality" as one of their concerns.

"Quotes"

When I'm sick I want to be able to pay my doctor—Richard Nixon on Medicare.

Of all the tools of all the weapons which have been used on the problem of crime, science and technology have been among the most profitable—Dr. Albert Crewe of the University of Chicago.

I don't think anything could be more tragic for the civil rights movement than the idea that the black man can solve his problems all by himself—Dr. Martin Luther King Jr.

The dilemma you deal with is too deeply rooted in pride and prejudice, too profound and complex—and too critical to our future for any one man or administration to resolve—President Johnson, addressing the White House Conference on Civil Rights.

By our actions, the United States has proved we do not believe in partnership with Asia. In practice, we believe that Asia must conform to the American view of how her affairs must be arranged—Sen. Wayne Morse, in a Senate speech criticizing U. S. Asian policy.

Hard on the heels of the survey, Negroes in a very poor Atlanta district turned on Carmichael and another SNCC official as undesirable outsiders. Carmichael had hired a sound truck two days earlier to arouse Negroes in the area against the police after an officer shot a Negro who tried to escape arrest for car theft. Atlanta's worst riot was the consequence.

Largely lost from sight, on Labor Day a police attempt to arrest a white teen-ager at a picnic ground near Chicago produced cries of police brutality and serious assault on the police by a rioting mob of almost 300.

In that case, there was no one to take the opposite tack, as did the Negroes cited. But the episode served to underscore to what a large degree the "brutality" cry has become the self-serving cry of lawbreakers and their sympathizers.

The white liberals who have taken up this call have a genuine dilemma. They have never been able to reconcile their abhorrence of force with the enforcement activities which lie at the heart of a policeman's duty. They see all force as brutality.

Yet in an American society increasingly defiant of the police that it hires to protect it, this vagueness is becoming crucial.

A midwestern law professor once said that one way to define law is to recognize it as "the state's monopoly on violence." Critics of the police may soon be asked either to accept that monopoly or take major responsibility for underwriting steadily mounting public disorder.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 YEARS AGO

National defense training courses in auto shop, wood-working, metalworking and electrical work may be offered here to out of school youths if interest in the classes is shown by a large enough number of persons.

Teachers here for the annual meeting of the Michigan Education Association who were alumni or former students of the University of Michigan met at the First Methodist Church.

50 YEARS AGO

A cribbage board deftly inlaid with 12 separate varieties of woods collected from all corners of the globe was constructed by W. J. Wakefield, dock agent at the Stephenson dock.

With a record of 102, Miss Nellis Fisher held the season's bowling record for women at the Delft club alleys. The high record for the male contingent among the bowlers was hung up when M. A. Smith of Wausau, topped the pins for a total of 237.

Monument To Elm

MILWAUKEE, Wis. (AP) — Residents of suburban Oak Creek erected a 12-foot monument last week to the vanishing elm tree, victim of dutch elm disease.

The stone monument, bearing an engraved image of an elm, was erected in Forest Hill Memorial Park where five elms survive from an estimated 200 planted in 1930.

East started proceedings for the defense by capturing dummy's queen of clubs with his ace.

Then he looked over dummy's cards and saw that he, East, was in trouble. A trump lead would allow declarer to let the trump ride around to dummy's jack. A heart lead would allow declarer a sure play against West's jack. A diamond lead would put West's king on the spot. If West held that card, then East noted that West's diamond king wasn't going to do him any good at all if he held it so a diamond was the only suit for East to return.

The Family Ann Landers Lawyer Young Girl Wants To Travel, Be Secretary

MAN IN COURT

Not the scientist, not the sociologist, not the philosopher, is the most-quoted expert in today's courtroom. Far more influential is a fictitious fellow known as the Reasonable Man.

Created by an English court more than a century ago, the Reasonable Man has become a basic yardstick for measuring right and wrong. To avoid being held negligent, you are expected to drive like the Reasonable Man, golf like the Reasonable Man, and drink like the Reasonable Man.

Then what sort of person is he?

In the purely physical sense, he looks very much like you. If you have only one leg, so does he. The law would expect you to cross the street only as fast as a Reasonable One-Legged Man. In this way, when judging your conduct, the law makes fair allowance for personal handicaps which you simply cannot help.

But in the mental sense, the Reasonable Man generally resembles not you but the average man—which is quite a different matter. Thus:

Suppose you are a person who is forever overlooking traffic signals or dropping lit cigarette butts. You cannot expect other people to suffer, without complaint, the consequences of your absent-mindedness. For this is a handicap which, presumably, you can overcome if you really try.

So the Reasonable Man has the average degree of alertness to danger, the average degree of consideration for the safety of others. He also has, broadly speaking, an average memory, average bravery, average judgment, and an average amount of useful information in his head.

Thus the Reasonable Man knows (even if you, personally, do not) that hay will burn, that a wet floor is slippery, that worn tires may blow out, and that a loaded gun is dangerous.

In other words, the Reasonable Man is a composite—partly like you, partly like the average person. He has your built-in defects, but not your defects that could and should be corrected. But isn't that a pretty loose standard for deciding legal issues in the courtroom? True enough. Yet, experience has shown it to be a wise and workable compromise between the rights of the individual and the rights of society.

By using this compromise, the law itself has acted like the Reasonable Man.

Dear Ann Landers: I am 18 years old and going to secretarial school. I want to become an expert in shorthand and typing so that I can be a first-class secretary and travel with my boss.

When I tell my friends that this is my ambition in life, their jaws drop and their eyebrows shoot up about six inches. The general impression seems to be that a secretary who travels with her boss is more than just a secretary—if you get what I mean. Maybe I am terribly naive, Ann, but is this the way it is?—FLEDGLING

Dear Fledge: Well, honey, that's the way it is. SOMETIMES—but of course there are exceptions.

Apparently you are a girl who enjoys secretarial work and also wants to travel. I suggest you weigh these two ambitions and make a choice—become either a secretary or an airline stewardess.

Dear Ann Landers: I'm a woman 48, with a fine husband and three wonderful children who are all doing well in college.

Would you believe that my problem is my parents? My father is a drunk and my mother is the long-suffering type who enjoys her role.

As a child we often had boiled potatoes and beans for dinner and our clothes came from resale shops, but dad always drove an expensive car and had plenty of money for liquor. Mother worked nights, cleaning office buildings.

The problem is that at least once a week my mother phones me at any hour of the night to come and help her get out of jail, or help drag him from the vestibule to the second floor bedroom.

I have told my mother repeatedly not to involve me in the messes but she always cries on the phone and says she needs me. My husband used to go along but he got fed up a few years ago and told me I was on my own with my nutty family.

In your column you have frequently said if a person speaks up against being used, that will end the problem, but it hasn't worked for me. I've told my mother to leave me alone dozens of times but she keeps calling. What can I do?—USED UP

Dear Up: You recognize the martyr complex in your mother but you don't recognize it in yourself.

Your mother has helped your dad stay on the booze and you've backed her in the role of abused wife. When you get smart and knock it off, your mother may get smart, too.

Dear Ann Landers: Can you settle a disagreement? I attended a luncheon recently and met some interesting people. Since I am a newcomer to this city I am on the alert for women I'd like to know better.

Mrs. V. seemed very friendly and eager to introduce me around. She brought over a stunning woman who was exquisitely dressed and said with great pride, "This is my sister."

At that moment another woman stepped up and greeted Mrs. V. She was shabbily dressed, plain appearance but her smile was warm and I liked her at once. Mrs. V. said, "This is my HALF-sister. We had the same mother but not the same father." I felt it was unnecessary for her to make the distinction. My mother did not agree with me. What do you think?—UNDECIDED

Dear Undecided: The "distinction" was unappealingly rude. Nobody expects to be clued in on blood lines during a casual introduction.

What is French kissing? Is it wrong. Who should set the necking limits—the boy or the girl? Can a shotgun wedding succeed? Read Ann Landers' booklet, "Teen-age Sex—Ten Ways To Cool It." Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped self-addressed envelope.

Police Probing Teener's Death

DETROIT (AP)—Police are investigating the circumstances surrounding the death of a teenage girl whose nude, partly decomposed body was found Saturday night in suburban Romulus Township.

An autopsy was scheduled today to determine the cause of the death of Roberta Stamps, 17, of Romulus Township, whose body was discovered in an open field north of Detroit's Metropolitan Airport and six blocks from her home.

Roberta had been missing since Sept. 8.

Wayne County Sheriff's detectives said Roberta's mother, Mrs. Ellawene Stamps, identified clothes found near the body as those of her daughter.

Investigators found a footprint—larger than the girl's—at the end of a trail of her clothes. One item, a sweatshirt, was lettered "Mate Wanted—No Experience Necessary."

Sheriff's detective Frank Van Wulven said the clothes were found early Sunday in the sparsely populated area which has a reputation as a lovers' lane. The clothes were not torn.

Van Wulven said two 12-year-old neighbor children, Jane Obaya and Ronald Allen, discovered the body Saturday when the horses they were riding bolted across a ditch into the field after being spooked by a dog.

Natural Gas Is Step Nearer For Western U.P.

The Michigan Public Service Commission has brought natural gas service one step nearer for the iron range communities of Gogebic county with its approval of the gas rates and service of the Lake Superior District Power Co. of Ashland.

The power company currently is constructing gas mains in Ironwood, Bessemer, Ramsey and Wakefield. The company will distribute natural gas purchased from Northern Natural Gas Co., an interstate pipeline company which transports natural gas from Texas, Oklahoma and Kansas fields to utility customers in the Northern Plains and Great Lakes states.

Lake Superior District Power Co., which generates and distributes electrical energy in the Western Upper Peninsula of Michigan and North Wisconsin also is initiating natural gas service in the communities of Hurley, Montpelier, Ashland and Iron River.

Hoerner-Waldorf Strike Is Ended

ONTONAGON (AP)—The Hoerner-Waldorf Box Co. strike ended late Sunday afternoon when Ontonagon Local 354, United Papermen and Paperworkers ratified a new contract.

Details of the settlement were not immediately known.

On strike since Aug. 20 the workers indicated that dissatisfaction with an Aug. 15 contract offer was the reason for the work stoppage.

The firm employs 200 persons at the yards and paper mill. The company also services scores of timber cutters who supply pulpwood to the plant.

Female Oryx, A Zoo Rarity, Is Born At Phoenix

PHOENIX, Ariz. (AP)—The birth of a female oryx has brought rejoicing at the Phoenix Zoo, which says the animal is the only one of their kind in captivity outside Saudi Arabia.

Because the climate and terrain at Phoenix are more nearly like the native habitat of the oryx, a type of antelope, a herd of eight was established here.

The rare animals since gave birth to seven young—every one a male—before the birth of the first female was announced Wednesday. She'll be named Anne.

Experts Study Viet Rail Line

WASHINGTON (AP)—The tracks are often mined and the trackside is infested with snipers. But the Pentagon wants to open up the throttle on its use of the battered Vietnamese National Railway.

It has sent a team of railroad experts to South Viet Nam to study how the 1,200-mile narrow gauge line should be improved. Only 400 miles is now considered safe for regular hauling. But even bolstering that much would ease mounting supply distribution pressures, say U.S. officials.

The Viet Cong guerrillas hit the railroad almost daily.

The Pentagon says it would require too many troops to keep the full length of the line open. The track runs from Saigon to the coast, then northward along the sea to North Viet Nam.

Rail service has not received priority attention because of the ready availability of sea shipping.

The United States provides locomotives and freight cars, but pays the government of South Viet Nam a tariff for hauling U.S. supplies aboard them.

The Agency for International Development says the United States has turned over to the South Vietnamese 48 diesel electric locomotives, 225 freight and tank cars, and shop equipment worth \$7.8 million.

Briefly Told

The August Mattoon Post 71 Auxiliary will meet in the Gladstone Legion hall at 8 p.m. today.

Escanaba police have issued traffic court summonses to Kenneth W. Chroge, Brampton, failing to exercise due care and leaving the scene of a property damage accident; and to William J. Rowley, Ford River Rte. 1, excessive tire noise.

Mrs. Joseph DeMay of Escanaba Rte. 1 reported to police that her car struck and killed a deer that jumped into the path of the auto on M-35 at 3:20 a.m. Sunday.

Stanley Armesen, 56, who was reported missing Friday from the Robinson Nursing Home at Danforth, was located in Gladstone Sunday by Delta County Sheriff's officers and returned home. Officers said he walked to Gladstone to visit his father.

John A. Beaver, 19, of Ensign paid fine and costs of \$15 Saturday after pleading guilty to a conservation charge of carrying a shotgun in a game area before the opening of the small game season when arraigned before Justice A. J. Mortier of Gladstone. Beaver's shotgun was confiscated. He was arrested in Nahma Township Sept. 21.

August J. Braseau, cashier of the First National Bank & Trust Company of Escanaba, is attending the American Bankers Association National Personnel held at the Sheraton-Chicago Hotel, Chicago. While in Chicago, Braseau will also attend a NABAC conference, the Association for Bank Audit, Control and Operations, to discuss improvement of loss prevention practices.

Starvation Kills Mexican Indians, Help Is Refused

By BRUCE BISSONETTE

El Paso Times Writer
CREEL, Chihuahua, Mexico (AP)—Indians are suffering from starvation in Chihuahua. A child or two dies each day.

With a show-me attitude about the Mexican government denial of starvation among the Tarahumara Indians of Chihuahua, we flew Sunday into the vast stretches of the Barranca del Cobre canyons of the Sierra Madre Mountains. We went to the villages of Sisoguichi and Creel.

We visited with the Jesuit priests who devote their lives to the betterment of these Indians. Among them is Father Luis G. Verplancken—at whose request Louisiana citizens generously donated 10 railroad carsloads of food, tools, medical supplies and agricultural equipment to the Indians.

But the Mexican government has refused to grant permission for the shipment to enter Mexico from El Paso, Tex., where the cars have been sitting on a siding since Saturday.

Father Verplancken, kind and soft-spoken, was emphatic in his denial of reports that from 100-200 Indians a day are dying of starvation.

He was just as emphatic, however, in declaring that a "terrible situation exists" among 50,000 Indians who live in the rugged wilderness.

He said the current situation is "no different than it has been in other years." Whenever a drought occurs the Indians are hard pressed for seed the following year and are also short of food themselves, Father Verplancken said.

"Last year," he said, "we had a drought and the crops were almost nonexistent. This year we had an abundance of rain, in fact, too much and the crops which were already short planted because of a lack of seed, rotted in the fields."

Most of the Indians live in soot-blackened caves. The caves are about 25 feet in diameter and about the same height, but without a roof.

The priest started his campaign for aid to the Tarahumara last August when he visited several Louisiana citizens. Mentioned to a friend and fellow priest that help is always welcomed and needed.

On the eve of his birthday the Pope cautioned some 1,200 leading Roman Catholic theologians to move carefully in interpreting the vast changes outlined by the Vatican Ecumenical Council.

Japan's Satellite Misses Orbit Try

UCHINOURA, Japan (AP)—Japan failed today in its first attempt to orbit an artificial satellite but succeeded in focusing attention on its space and missile program.

Around the country hundreds of thousands stopped work to watch a telecast of the launching from the Tokyo University space center at the southernmost tip of Japan.

No other nation in Asia has come so close to orbiting a satellite. The shot almost succeeded.

The four-stage rocket had a 15.6-pound satellite at its tip. Each of the four stages fired successfully. Japanese scientists said a mechanism designed to stop the last stage from spinning did not function properly. The satellite went off course and presumably burned up on re-entering the atmosphere.

Pope Paul Marks His 69th Birthday

VATICAN CITY (AP)—Pope Paul VI marked his 69th birthday today with a normal 18-hour work schedule and no arrangements for any special observance.

On the eve of his birthday the Pope cautioned some 1,200 leading Roman Catholic theologians to move carefully in interpreting the vast changes outlined by the Vatican Ecumenical Council.

World Bank In Financial Pinch

WASHINGTON (AP)—George D. Woods, World Bank president, said today that non-Communist nations face a crucial financial gap in efforts to help underdeveloped countries.

He told a joint meeting of the International Monetary Fund and the World Bank that the bank's two affiliates are running low on funds. He said the bank itself is feeling the pinch of tight money and high interest rates in the industrial countries.

Woods also noted a slowdown in foreign aid from industrial nations and said that as a proportion of income, such aid declined during 1965 for the fifth straight year.

"At what ought to be a propitious moment in economic development, we are slowing down," Woods said. If allowed to continue, the slowdown can result only in a deterioration in world affairs, he added.

His prepared talk to the IMF-World Bank annual meeting came a day after the bank, in an annual report, said aid from the industrial to the developing nations has remained virtually unchanged for five years.

The report urged industrial nations to give high priority to foreign aid even when faced with economic ills at home.

Junior College Leaders To Meet

Richard Rinehart, president of Bay de Noc Community College, and Mrs. Rinehart, will attend a meeting of Michigan community college leaders and their wives at the University of Michigan, Ann Arbor, on Saturday.

They are being called together by Dr. Harlan Hatcher, president of the University of Michigan, and will be guests at a dinner and football game.

Making the trip to Lower Michigan also are Leo Alperovitz, Bay de Noc Community College business director, and Mrs. Alperovitz. They will go to East Lansing where they will attend a session for college business officers.

Task Force Will Meet Wednesday In Marquette

A Region I Task Force meeting to consider subcommittee reports on tentative recommendations will be held from 10 a.m. to 3 p.m. Wednesday, Sept. 25, at Northern Michigan University.

T. W. Knight, chairman of Region I Task Force, said the agenda includes consideration of three subcommittee reports on tentative recommendations. It is expected that the Region I provisional report to the Committee of Forty will result from the meeting.

The sponsors are the Michigan Health Officers Association, Michigan Department of Public Health, and the University of Michigan School of Public Health and Department of Community Health Services.

Dr. Anna B. Brown, Ann Arbor, staff consultant for Region I Task Force, will be in attendance.

Present from the Escanaba community will be Charles Folio, University of Michigan Extension Service; City Manager George Harvey; Dr. Mary Cretens, Health District director; and George Rusch, UPSCAP director of loans.

Track Blown Up At Strikebound Plant In Canada

BRAMPTON, Ont. (AP)—More than two feet of track were blown up Sunday on a Canadian National Railway (CNR) spur line serving the strikebound American Motors plant.

Police said two empty boxcars passed over the break in the rails but did not leave the track. No one was injured.

The cause of the explosion has not been determined.

About 150 workers walked off their jobs at American Motors Tuesday complaining the company hires outside workers for new jobs before they are offered to employees. An additional 1,300 workers refused to cross the picket line Thursday and voted to continue the strike until the company negotiates the dispute.

Steal 39 Miles Of Copper Wire

PHOENIX, Ariz. (AP)—Thieves stripped 39 miles of copper wire worth \$3,406 from telephone lines stretching from Gila Bend to Maricopa, Ariz.

Authorities said the telephone line has been dead since a fire earlier this year.

NOT A GUNSIGHT, the circular plastic device held by model Pat Gulliver is for biting, not sighting. It's the built-in holder for a newly introduced cigarette. True, with an air-filtration system cited in a recent report by a New York state research facility as scoring highest among nine brands tested in reducing tar and nicotine in smoke.

Mafia Probe In Queens Opened

NEW YORK (AP)—A Queens grand jury today opens its probe of what has been dubbed a "little Apalachin" meeting of Mafia chieftains.

The jury begins hearing the 12 reputed Mafia leaders arrested while lunching at a Forest Hills, Queens, restaurant last Thursday.

The 12 originally were to be charged with conspiring with known criminals—each other—but the prosecutor later changed his plans and the men were held as material witnesses in the grand jury probe.

Dist. Atty. Nat Hentel and the police have compared the gathering to the 1957 underworld confab at Apalachin, N.Y., which state police raided.

Each of the 12 is free on \$100,000 bail — \$1.3 million in all.

Youth Sought In Percy Case

KENILWORTH, Ill. (AP)—A 19-year-old youth was sought for questioning in the Valerie Percy slaying today as police beefed up their forces for a long investigation.

The investigation "is going to take a long time," said Kenilworth Police Chief Robert M. Daley. He said state troopers had joined his 11-man force trying to track down the slayer of Miss Percy, 21, daughter of Charles H. Percy, GOP nominee for the U. S. Senate from Illinois.

Police sought for questioning a youth about 19 who spoke to Valerie and her twin sister, Sharon, some 30 hours before Valerie was killed.

Police said the girls sat near the youth in an elevated train car as they returned home from their father's Chicago campaign headquarters. They quoted Sharon as saying her sister introduced the youth by his first name only.

Sharon told police the conversation then ended. She said the youth transferred trains with them and got off at their stop, walked behind them a short distance and then took another path.

The Percy family went into seclusion at an undisclosed location.

Police reported that Percy and Sharon Percy had given them new leads. Chief Daley said the information had been relayed by a family friend.

Without disclosing specifics, Daley said they had given him the names of new possible suspects and additional information on persons previously considered suspects.

Track Blown Up At Strikebound Plant In Canada

BRAMPTON, Ont. (AP)—More than two feet of track were blown up Sunday on a Canadian National Railway (CNR) spur line serving the strikebound American Motors plant.

Police said two empty boxcars passed over the break in the rails but did not leave the track. No one was injured.

Little Lake To McFarland M-35 Work To Begin

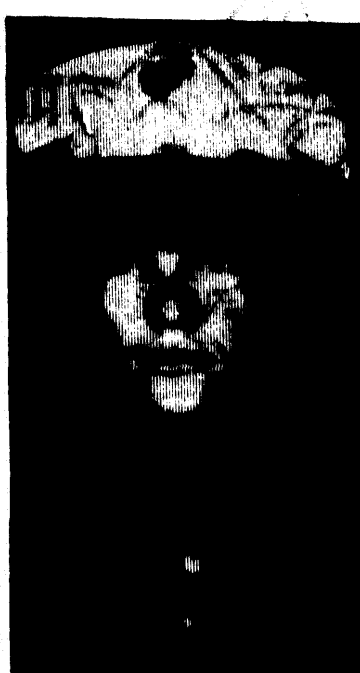

LANSING (AP) — The Highway Department has announced completion of one road modernization project and plans to start another.

Open to traffic today, it said, will be a 4.1-mile stretch of M-35 northeast of Sebawa in Huron County and costing \$875,000.

The department said work will begin in a few weeks on a \$1.67 million modernization project involving 10.5 miles of M-35 from the Marquette - Delta county line near McFarland northwest to the village of Little Lake.

MSU Swine Win

EAST LANSING (AP) — A herd of eight Yorkshires exhibited by Michigan State University has won the reserve premier Yorkshire sire award at the National Barrow Show in Austin, Minn. The herd included the champion Yorkshire barrow, MSU also had the fifth place junior spring Yorkshire boar at the show. The 275-pound animal was sold for \$1,500 to Ohio breeders.

ASSIGNMENT to Viet Nam is expected by PFC Gerry Rivard, son of Mr. and Mrs. Clement Rivard of 1408 Lake Shore Drive, Escanaba. He is now home on 30-day leave after completing basic training with the Marine Corps at San Diego, Calif., and will receive further training in North Carolina and California before receiving orders for Viet Nam. His brother, PFC Ralph Rivard, is stationed in Korea.

Portage Marsh Best In State

The best shooting in Michigan during the nine-day early teal season that ended this week was on the Portage Marsh in Little Bay de Noc near Escanaba.

Of the 12 areas in the state open to teal hunting during the special season, Portage Marsh had the highest hunter success ratio — an average of 1.6 teal per hunter and an average of 32.3 birds killed per 100 hours of hunting.

Portage Marsh hunters also were rated the best in the state in terms of proper waterfowl identification. Not a single arrest was made there for shooting protected species (only teal were legal during the season), although two hunters were arrested for having more than their limit in teal. The crippling loss on Portage Marsh was estimated at 16 per cent, which is considered low.

Among 37 hunters checked there on opening day and on the two weekend days of the season, a total of 189 hours were spent hunting. This netted the hunters 37 blue-winged teal and 24 green-winged teal.

On the AuTrain Basin in Alger County, another of the five areas in the Upper Peninsula open during the early season, 27 hunters were estimated to have been afield on opening day and over the weekend.

Across the state on the opening day and the two weekend days, 1,048 hunters were checked. They had bagged 307 blue-winged teal and 137 green-winged teal in 4,934 hours for a state average of .42 birds per hunter and 9.0 birds killed in 100 hours of hunting.

Conservation department officials summarized this year's teal season as poorer than last year, when the season was first conducted in Michigan. There were fewer hunters afield and fewer teal than in 1965, and hunter success dropped off in all areas except two in the Lower Peninsula — Saginaw Bay and Lake Erie.

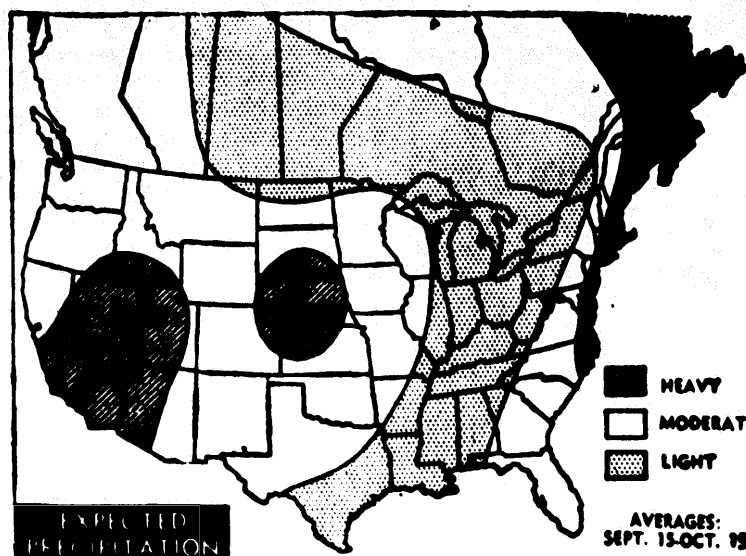

What was very disturbing was the apparent increase in the kill of protected species.

Ralph Bailey, Marquette, regional game biologist for the department, said the high illegal kill "may have been an expression of hunter frustration over the shortage of teal."

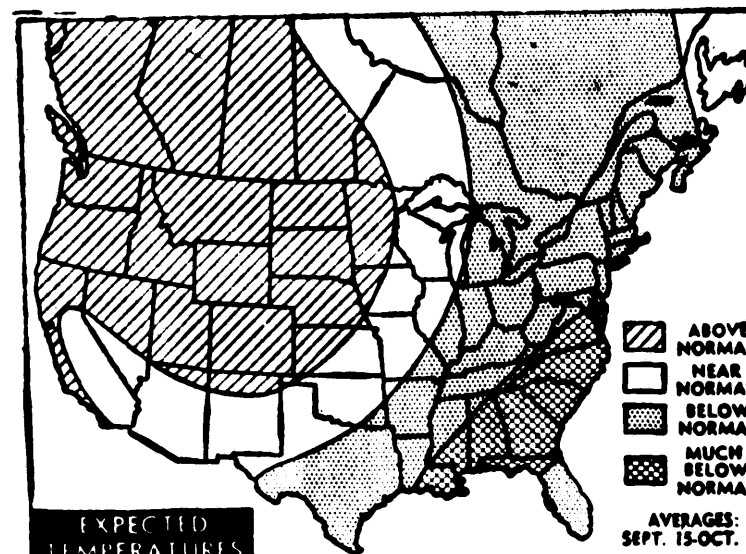

Purpose of the early teal season was to permit hunters to harvest more of these birds before they have left the state on

Autumn Arrival

Maps show Weather Bureau's estimated average temperature, precipitation for 30-day period through Oct. 15.

Atlantic coastal areas and the far Southwest should see heavier than usual precipitation while it will be drier than usual in a broad Central belt.

The east-to-west range of temperatures is expected to run from below seasonal normals in the Atlantic states to above normal on the Pacific Coast.

Fiery Plane Crash At Charlevoix Is Fatal To Woman

CHARLEVOIX (AP) — A Detroit millionaire industrialist and his son were among three persons critically injured in a fiery plane crash at the Charlevoix Airport Sunday.

A woman passenger died in the flaming wreckage.

Plastic molds millionaire I. T.

Quarnstrom, 66, his son, Carl Robert, 26, of Grosse Pointe, and the pilot, identified as Ed Nebeck, 36, were listed in critical condition at a nearby Petoskey hospital.

The woman victim tentatively was identified by Charlevoix County sheriff's men as Barbara Stewart, a guest at the Whittier apartment hotel in Detroit. Quarnstrom owns the hotel.

The three men escaped but suffered burns, police said. The woman was trapped inside the burning wreckage.

Witnesses said the plane failed to gain altitude after taking off on the airport's old sod runway, veered and crashed into a gasoline tank truck parked behind a gas station.

The R. J. Enstrom Corporation cordially invites you to attend their

OPEN HOUSE

EACH EVENING, 6:00 TO 10:00 P. M.,

SEPTEMBER 26 - 30

AT THE MENOMINEE COUNTY AIRPORT

Here is your chance to visit the R. J. Enstrom Corporation factory to become acquainted with the company and the F-28 helicopter and to obtain all the facts relative to your stock purchases.

— and —

HELICOPTER AIR SHOW

AT THE MENOMINEE COUNTY AIRPORT

ALL DAY SATURDAY, 8:00 A. M. TO 10:00 P. M.,

OCTOBER 1

FACTORY TOURS, FLIGHT DEMONSTRATIONS AND HELICOPTER DISPLAY

See how the Enstrom F-28 helicopter is manufactured and how it performs. Compare the competitive values of the Enstrom F-28 with the other leading American helicopters. All displayed to allow you to view them up close.

HELICOPTER FLIGHT COMPETITION

AT 2:00 P. M.

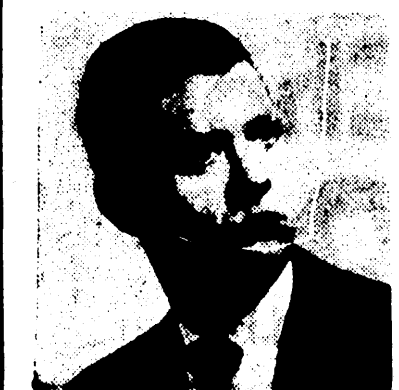

See the truly great names in helicopters in action, side-by-side in the air . . . BELL, HUGHES, ENSTROM. Watch as America's top helicopter pilots put them through their paces as they compete in amazing flight maneuvers. Here's an excellent opportunity to compare the flight performance of the Enstrom F-28 with the other leading helicopters.

THIS IS THE BEST WAY WE KNOW OF TO SHOW YOU WHAT WE REALLY HAVE TO OFFER. SO COME TO OUR OPEN HOUSE AND AIR SHOW.

ONE LAST NOTE: In the event you may forget to send in your stock purchases before the midnite deadline on September 30, subscriptions dated September 30 will still be accepted on Saturday, October 1 at the Enstrom Corporation.

Lynda Bird, George Attend Texas Reunion

WASHINGTON (AP)—President and Mrs. Johnson's daughter, Lynda Bird, and actor George Hamilton had a water-skiing, picnicking ranch date in Texas over the weekend and speculation heightened about their romance.

They were gay sailing companions at the Johnson ranch but gave no hint of anything more serious than just another date.

Hamilton, 26, and Lynda, 22, flew to Texas from Hollywood to join a Johnson family reunion at

the ranch with newweds Lucie and Patrick J. Nugent and Nugent's brother, Marine Lt. Gerard P. Nugent Jr., just back from Viet Nam duty and vacationing with his wife, Phyllis.

The presence of Hamilton in this close family group was what gave a bit more importance to this weekend date. He was with the Johnsons on their flight back to the capital early today.

Lynda has been off on a visit to Hawaii with friends. She returned by way of California, where Hamilton soured her around and gave a Hollywood dinner party in her honor.

In recent weeks, both Lynda and Hamilton have been reported dating other friends.

Lynda was beaming when she turned up on Hamilton's arm to attend Sunday church services with her parents at Blanco, Tex., 14 miles from the LBJ ranch.

The young couple sat side by side in a pew with the Johnsons. Hamilton, a Christian Scientist, held the hymn and prayer books, and Lynda, an Episcopalian, leaned over his arm to read responses. Occasionally they exchanged smiling glances.

The President, spending a weekend at his ranch, was being ecumenical with his family. He went to 8 a.m. Mass at St. Francis Xavier Roman Catholic Church with the young Nugents, who are Catholics. Then, at 11, he attended St. Michael and All Angels Episcopal Church with his wife, Lynda and Hamilton.

The President is a member of the Christian Church. When asked if he would go to his own church, too, the President smilingly replied: "All of them are mine."

Lynda Bird Johnson, eldest daughter of the President, accompanied by actor, George Hamilton arrive at St. Michael and All Angels Episcopal Church in Blanco, Texas Sunday morning. The young couple accompanied President and Mrs. Johnson to the worship service. (AP Wirephoto)

Philip Ruppe Speaks At Bark River PTA

Philip Ruppe, Republican candidate for Congress, was guest speaker at the Bark River-Harris PTA held in the elementary school Wednesday evening. Ruppe, introduced by Mrs. Wayne Hooker, program chairman, spoke of industry and employment in the Upper Peninsula.

The teaching staff was introduced by Richard Hendra, school superintendent and the PTA was asked to underwrite the debating team.

Announcement was made of the Upper Peninsula District PTA Workshop to be held at the K. I. Sawyer Air Base on Tuesday, Oct. 4 and members are urged to attend. Reservations must be made before Sept. 27 to either Rev. Walter Nordin or Mrs. Robert E. Alvey, 369 Marauder St., K. I. Sawyer AFB, Mich., 49843.

Hendra spoke briefly on the well attended summer session and thanked all parents for having made an effort to have their children present.

Room count went to the sophomore class with sixteen parents present. The next PTA meeting is scheduled for Wednesday evening, Oct. 19, at 8 p.m. in the Bark River-Harris Elementary School. Lunch was served by the Welcoming Committee and PTA officers.

Methodist Ladies Plan Craft Show

The Woman's Society of the First Methodist Church is sponsoring an Arts, Crafts and Antique Show on Saturday, Oct. 1, beginning at 2 p.m. There will be displays of art work, photography, knitting, ceramics, woodwork and many other crafts. There will also be a display of antiques.

All work displayed will be done by members of the church. The affair is open to the general public with no admission charge. Coffee will be served during the afternoon.

CAN'T-MISS SUIT
Tiny flower-splashed cotton quilt shapes the can't-miss suit with mid hip and sometimes shorter jacket and easy A-line skirt. It blooms in a variety of muted shades.

Ever add minced anchovy fillets (drained) to French dressing for a tossed salad? Just make sure the dressing you use does not contain sugar.

Cocoa Bread Tasty Old Fashioned Treat

Feeling in an old-fashioned mood? Hungry for something that isn't "instant" or "frozen ready to heat" or made with a mix? Then try this unusual baking-soda rich moist bread full of whole cranberry sauce, raisins and nuts, orange rind and cocoa. Very much as your grandmother or great-grandmother might have made it, and equally gratifying.

CRANBERRY COCOA BREAD

(Makes 1 9x5x3-inch loaf)

1 can (1-pound) whole berry cranberry sauce
1/2 cup raisins
Grated rind of 1 orange
3 tablespoons butter or margarine

1 cup sugar
1 egg
1/2 cup milk
3 cups sifted all-purpose flour

2 teaspoons baking soda
1 teaspoon salt
1/4 cup cocoa
1 teaspoon ground cinnamon
1/2 teaspoon ground nutmeg
1 cup coarsely chopped walnuts

The French sometimes couple tomato and pineapple in a poultry dish. Borrow the idea and grill halved tomatoes and sliced pineapple to serve with cranberry sauce, raisins and orange rind. Cook over low or out!

In a small saucepan combine cranberry sauce, raisins and orange rind. Cook over low or out!

Adventists List Schedule Of Church Events

John Erhard, Pastor of the Escanaba Seventh-day Adventist Church and district leader of the Upper Peninsula, made the following announcements of coming events:

An all-day district meeting will be held next Saturday in the Upper Peninsula Auditorium at 210 S. 23rd St. The guest speaker will be Pastor M.Y. Fleming of Lansing. His morning sermon is entitled "Only a Dream", and the afternoon talk will be on rock hounding. The Wilson Adventist Church will present a program in the afternoon, including the film, "The Master's Face." There will be a potluck dinner at noon and a full afternoon of fellowship.

A prayer meeting will be held Tuesday night at 7:15 and teachers institute dates are Oct. 5-8.

Pastor M. F. Grau, Michigan Sabbath School leader will be in Escanaba Sunday night, Oct. 9 and will show the following films in the U.P. Auditorium: "African Horizons", "The Cry of New Guinea", "That they Thirst Not".

The home and school organization will meet Tuesday night Oct. 11 in the schoolroom.

The Dorcas Federation of the Upper Peninsula will meet at Sault Ste. Marie Oct. 16.

Personals

Mr. and Mrs. Erwin Stube of Regina, Sask. left today for their home after visiting with her sister, Mrs. Millie Kreiger, 519 S. 14th St.

Leo Gregoire of Milwaukee spent several days with his brother Joseph Gregoire and his sister, Mrs. Florence Charland.

Mrs. Florence Vandeville of Chemical Plant location, Gladstone, has returned to her home from St. Vincent's Hospital in Green Bay where she underwent back surgery.

Miss Caroline Bisson of 820 1st Ave. S., Escanaba, returned last night after spending a week in Boston visiting Joseph Vandeville, who is serving in the U.S. Navy. He is the son of Mr. and Mrs. Verne Vandeville of the Chemical Plant location.

If you are preparing a frozen dessert and haven't a below-zero frozen-food section in your refrigerator, set the refrigerator cold control at the coldest point for at least half an hour before making the dessert.

WOMEN OFTEN HAVE BLADDER IRRITATION

After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondary urination both day and night, tired, depressed, in such irritations, CYTETX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYTETX at drugstore. Feel better fast.

Adv.

FABIAN FORTE, who abandoned a singing career to become a movie star, and his bride, the former Kathy Regan, a movie bit player from Hollywood, Calif. are all smiles as they leave Our Lady of Mount Carmel Church after their wedding in Berlin, N.J. Saturday. Fabian is the son of a retired Philadelphia, Pa., policeman. Kathy's father is a North Hollywood real estate man. The wedding was the first for both. (AP Wirephoto)

Births

MURPHY — Mr. and Mrs. James Murphy of Milwaukee are the parents of a daughter, Linda Jean, weighing 6 pounds and one ounce born at 7:50 p.m. Sunday, Sept. 25 at the Colombian Hospital in Milwaukee. She is the first child in the family and the mother is the former Mary Louise Groos.

CASEY — Mr. and Mrs. Richard L. Casey of 1107 9th Ave., Escanaba are the parents of a daughter, Mary Diane, weighing 6 pounds and 15 ounces born at 2:20 p.m. Sept. 23 at St. Francis Hospital. The mother is the former Elizabeth Tushak.

THUNDER — A son, Eugene Wesley, weighing 9 pounds and 13 ounces was born at 8:33 p.m. Friday, Sept. 23 to Mr. and Mrs. Terry L. Thunder of Harris. Mrs. Thunder was Marie McCullough.

BOURDEAU — At 6:38 on Sept. 26 a son, William John, weighing 7 pounds and 7 ounce was born to Mr. and Mrs. John F. Bourdeau of 532 N. 20th St., Escanab. Mrs. Bourdeau was the former Bernice Kasbohm.

Some cooks like to cover pork spareribs that are being barbecued in the oven during most of the baking time; they remove the cover the last 20 to 30 minutes the spareribs are in the oven.

Hints from Heloise

By HELOISE CRUSE

Dear Heloise:

Here is another idea to add to the many uses for the plastic lids on coffee and shortening cans.

Stick one of those lids on the bottom of each can of your cannister set with a reliable transparent glue.

Have the flat side of the lids against the bottom of the cans so only the turned down edge will touch the counter.

The larger plastic cover from a shortening can is more suitable for the largest can of the set.

This raises them just enough not to be noticeable, and yet will prevent marring or rusting.

Harriet

Dear Heloise:

Here's a little timesaver: I use a pinkie shears to cut out the patches for the children's play clothes.

The edges don't have to be turned under because they won't ravel.

Mom

Dear Heloise:

I sew almost continuously and make all of our daughter's clothes.

I have learned that after setting in a sleeve, if I will cut all around 3/4" from the sewing line, put it back in my machine and zig-zag, that the edge holds endlessly.

Mother

Social-Club

Delta Nurses The Delta District Nurses Association will meet Tuesday at 7:30 p.m. in room 10 of Bay de Noc Community College.

TOPS Club The Silhouettes TOPS Club will meet tonight in room 260 of the junior high school. Weight-in will be held from 7:30 to 7:45 followed by the meeting.

Martha Society The Martha Society will meet Tuesday at 8 p.m. at the home of Mrs. Hannah Carlson, 1103 Stephenson Ave., Escanaba.

YFC Club To Meet Tonight

The YFC Club will meet tonight, Sept. 26 at 7:30 p.m. at Kallio's. The bus schedule is, Harris, 6:50 p.m.; Bark River, 7 p.m.; Pine Ridge, 7:10; Salvation Army, 7:20; Webster School, 7:25. All members interested in planning this year's activities are asked to attend.

DROPPED WAIST DRESS The fall (but never decline) of the waist. Young rebels look deliciously long and willow in dropped waist dresses.

For generous servings, count on a pound of spareribs for each person when you are preparing fresh pork spareribs.

Golf League At Country Club

There will be regular women's golf league play at the Escanaba Country Club Wednesday. Low net score will be the event of the day and prizes will be awarded.

Dinner will be served at 7 p.m. and all reservations for dinner must be made by Tuesday noon. Permanent dinner reservations are no longer in effect, so those who plan to stay for dinner are asked to call the club house. Prizes for the day's event will be awarded after dinner.

Church Events

Salem Ev. Lutheran

The Ladies Aid of Salem Ev. Lutheran Church will meet Wednesday at 2 p.m. in the church parlors. Hostesses for the day will be Mrs. Raymond Rouse and Mrs. Raymond Thorson.

First Presbyterian

Tuesday, Sept. 27, 6:30 p.m. - Women's Association Dinner and Program.

First Methodist

Tuesday, Sept. 27, 6:45 a.m. - Men's Breakfast Fellowship will meet at the Sherman Hotel.

Women's Club Luncheon Set

The Manistique Women's Club will open its program year with a 1 p.m. autumn luncheon at the Surf Oct. 4.

Miss Jane Eilers of Minneapolis will present a program on hats, with members of the program committee modeling authentic designs from the gay '90s, World War I period, the roaring '20s, and fashions which were chic just a season or two ago. A commentary will accompany the program.

The hats will be reproductions of the displays of the Costume Institute in Metropolitan Museum of Art in New York City.

The smallest will be a regal model used atop pompadours in the 1896 period, when Sperry and Hutchinson issued their first green stamps. Miss Eilers is with the consumer relations department of the S & H company.

Tickets are available from the hostess committee. Members of the club will be contacted. Reservations must be made by Sept. 28. On the hostess committee are Mrs. Ralph Ekstrom and Mrs. Jack Creighton, co-chairman, Michael Mortenson, Ellsworth Curran, Ronald Hololik, Barney Johnson, Clarence Vance, Franklin Burgess, Richard Bonifas, Lowell Cooper and A. J. Cayia Jr.

Land Surveyors' State President Talks To Group

Members of the Upper Peninsula Chapter of the Michigan Society of Registered Land Surveyors met Saturday at the Surf Supper Club in Manistique.

Guests included George Blass, president of the Michigan Society of Registered Land Surveyors who reviewed several current projects of the State Society.

William J. Hood, attorney at law, presented a talk on the proper construction of legal descriptions, which was followed by a question and answer period.

Following a noon luncheon a tour was made of the limestone quarry and mill operated by the Inland Lime and Stone Company at Port Inland.

Arrangements for the day were in charge of Franklin Burgess of Manistique.

Church Events

Church Of Redeemer
The Women's Society meets Wednesday at 3 p.m. in Westminster Hall. Hostesses will be Mrs. John Wilde and Mrs. Stanley Carlson. Chancel choir meets at 7:15 p.m., Wednesday. The Sacrament of Holy Communion will be observed Sunday, Oct. 2 at 11 a.m. Westminster Fellowship meets at 7 p.m. Sunday. Sally Bonifas and Debbie Cockram will arrange the program. Refreshments will be served by Peter Cockram and Kaye Pike.

Births

A son weighing 8 pounds 6 1/2 ounces was born Sept. 23 in Schoolcraft Memorial Hospital to Mr. and Mrs. Lee Potvin, Garden. The mother is the former Jerilyn Ann McPhee.

A son weighing 8 pounds 13 1/2 ounces was born Sept. 23 in the hospital here to Mr. and Mrs. Clement Rose, Naubinway. Mrs. Rose was formerly Mary Ann Legault.

Hospital

Admitted to Schoolcraft Memorial Hospital were Jerilyn Potvin, Mary Rose and George Metcalf.

Discharged were Merle Archey, Kathryn Wild, Marie LaFave, Margaret Lewandowski, C. E. Byers, Deborah Shaffer and Fern Kaiser and child.

Packers, Cards Stretch Unbeaten NFL Strings

By The Associated Press
Prentice Gault couldn't believe it, but the Cleveland Browns found it real enough.

With St. Louis and Cleveland tied 28-28 in the final quarter Sunday, Cardinal back Gault burst through the Browns' line and ran 23 yards for the score that gave St. Louis its 34-28 margin and raised its Eastern Division-leading NFL record to 3-0.

"It was a draw play and the blocking was beautiful," Gault said later in a jubilant St. Louis locker room. "No one touched me. I couldn't believe it."

After the touchdown, Cardinal extra-point kicker Jim Bakken missed his first point-after in 125 attempts and for a while it seemed as if it might cost St. Louis the ball game.

The Browns, who had blown a 28-14 lead, came roaring back to a first down on the St. Louis 11.

Two of Cleveland quarterback Frank Ryan's passes were incomplete and Ernie Green picked up a yard on a run. On the fourth-down play, Ryan threw at rookie Milt Morin in the end zone, but Cardinal defender Jerry Stovall reached in front of him and knocked it down.

Elsewhere in the league, Green Bay beat Los Angeles 24-13, Dallas took Minnesota 28-17, Baltimore bombed San Francisco 36-14, Detroit bounced Atlanta 28-10, Philadelphia smothered New York 35-17 and Washington got past Pittsburgh 33-27.

Green Bay, now the only unbeaten team in the Western Division, had its troubles with the Rams before an 80-yard pass play from Bart Starr to Elijah Pitts iced the game. The Packers lost five fumbles in blowing a 17-0 lead.

Dallas remained unbeaten in the Eastern Division with three

80-yard scoring marches in each of the last three quarters. Cowboy quarterback Don Meredith completed just eight passes but two were good for touchdowns to Bob Hayes and Buddy Dial.

Lou Michaels tied an NFL record with five field goals and Alvin Haymond was tough on defense in the Baltimore victory. Michaels' kicks ranged from 23 to 41 yards and Haymond set up scores with two kick returns and a pass interception.

Milt Plum completed 13 of his first 16 passes and threw two scoring strikes as Detroit dealt Atlanta its third straight loss.

Norm Snead pitched three scoring passes and Philadelphia easily beat New York. Snead was 10 for 18 and 179 yards and Pete Retzlaff caught five passes for 120 yards and a touchdown.

Charley Gogolak kicked four field goals and Washington scored 24 points in the second half as the Redskins came from behind to beat Pittsburgh. Sonny Jurgensen passed for two touchdowns.

JOE DON LOONEY, Detroit Lion back, breaks away for a 23 yard touchdown run against the Atlanta Falcons in Detroit Sunday. (AP Wirephoto)

Lions Tip Falcons, Looney In Trouble

DETROIT (AP)—Whether Joe Don Looney ever plays with the Detroit Lions again remains to be seen, after the latest incident with the football team's noted "bad boy."

The Lions announced after their 28-10 victory over the Atlanta Falcons Sunday that Looney had been suspended indefinitely for refusing to enter the game again late in the first half.

"He has thought for a couple of weeks now that he should be our No. 1 fullback," Coach Harry Gilmer said. "He refused to go back into the game, saying he was not going to be my messenger boy."

"In the dressing room at half-time I asked him if he was ready to play and he said not if he was going to be used as a messenger boy," Gilmer said. "I told him to stay here and that we wouldn't need him. He didn't walk out. I told him to stay," the coach said.

A year ago, Gilmer fined Looney after a couple of late-hour incidents.

Looney said "Somebody stepped on my back and it was hurting."

"How can they suspend me for not playing when I'm hurt?" he said.

Asked what would happen if Looney refused to play next week, Gilmer answered: "We have a number of backs who are interchangeable."

Looney scored one of the Lions' two touchdowns in the second

quarter when he broke out of one tackle and ran 24 yards to cap a 63-yard drive.

Milt Plum, who had one of his best passing days as a Lion, completed 19 passes in 27 attempts for 230 yards, including scoring aerials of 13 yards to Gail Cogdill and 7 yards to Tom Nowatzke.

Nowatzke also scored in the second quarter on a two-yard run.

"We just moved the ball better, that's all," Gilmer said in assessing his team's triumph. "We were a real sharp team in the first half and were almost as sharp in the second but the penalties hurt us."

The Lions recovered four Falcons fumbles and turned two of them into touchdowns. Alex Karras recovered a Randy Johnson bobble on the Atlanta 14 just before the first score and Darris McCord covered one on the Falcons 21 to set the stage for the payoff pitch to Nowatzke.

Plum was 13-for-16 in the first half, the only incomplete pass in eight tries in the first quarter coming when the ball hit the goal post.

Sports In Brief

BALTIMORE (AP)—Linebacker Ted Davis of the Baltimore Colts will be out indefinitely with a fractured right arm suffered in Sunday's National Football League game with the San Francisco 49ers.

Dawson Pitches Five Touchdown Passes For KC

By The Associated Press
Len Dawson, who wasn't even listed among the American Football League's leaders last week, is batting a cool .600 today, a pretty good average for any pitcher.

Dawson gunned five touchdown passes, three of them to Chris Burford, as Kansas City routed Boston 43-24 for its third straight victory Sunday.

The Chiefs' attack moved mostly along the ground in Kansas City's first two triumphs with Dawson attempting only 26 passes and completing 16. Quarterbacks with less than 30 attempts were not included in the AFL list of top passers last week so Dawson missed the cutoff.

He's not likely to miss it this week.

Against the Patriots' Dawson completed 20 of the 32 passes he attempted for 280 yards.

Dawson, a 16-year pro, now

has completed 36 for 60... a .600 percentage... and thrown 10 touchdown passes. He has gained 511 yards through the air.

Elsewhere in the AFL Sunday, New York and San Diego preserved their unbeaten records while Buffalo stepped back into the Eastern Division race.

The Jets, down 7-0 at the half, rallied to beat Denver 16-7. San Diego got three interceptions from Speedy Duncan and defeated Oakland 25-20. Buffalo beat Houston 27-20 when Hagood Clarke intercepted a George Blanda pass with 27 seconds to play and returned it 66 yards for a TD.

Denver threw a scare into the Jets but two third period field goals by Jim Turner kept New York within striking distance and Joe Namath finally hit Matt Snell with a five-yarder in the final period for the winning score. Turner added another field goal after the TD.

Duncan's interceptions and John Hadl's solid quarterbacking led the Chargers to their third straight victory. Hadl ran for one TD, passed 19 yards to Jacques McKinnon for another and set up a third with a 44-yard aerial to Lance Alworth.

Clarke stole Blanda's 52nd pass of the game and raced into the Oiler end zone for Buffalo's winning TD against Houston. The interception came with 27 seconds to play and then Clarke grabbed another Blanda pass with three seconds remaining, ending Houston's last hope.

The victory left Buffalo and Houston tied with 2-2 records in the East behind New York's 3-0, Kansas City and San Diego share the Western lead with 3-0 marks.

Holy Name, Esky Fashion Grid Victories

Crusaders Win Fourth Straight From Baraga

Marquette Baraga became Holy Name's fourth straight reluctant football victim this season when the Royals bowed, 26-6, in a Sunday afternoon battle at the Escanaba Athletic Field.

Coach Bill Jennings' invading Royals threw up unexpected opposition in the first half of the game and held the undefeated Crusaders to six points in the first two quarters.

Marquette Baraga was unable to stand the pressure, however, and wilted as the Crusaders crashed over with one more touchdown in the third period and two in the fourth for a 26-0 cushion.

The enemy touchdown, coming on a dazzling 76 yard run from scrimmage by senior Bill McGee, was only the second given up by Holy Name's rugged defensive line this fall.

That one run represented almost all of Marquette Baraga's offense for the day.

JAYVEES WIN

The Holy Name Jayvees also remained undefeated for the season when they measured Manistique, 32-12, in a game played at Manistique Friday.

offense for the day. The Royals wound up with 113 net yards rushing and 7 passing and were able to record only two first downs.

Holy Name backs galloped for 235 yards on the ground and the Crusaders added 40 through the air.

Aside from the one touchdown run, Baraga was never able to cross the midfield stripe. Otherwise they reached midfield only once in the game and that was on the next to the last play of the afternoon.

Speedster Mike Dubord led the Holy Name ground game with 70 yards in 17 trips and scored one touchdown.

Halfback Chris Young put the Crusaders on the scoreboard late in the first period when he swept left end for nine yards.

Quarterback Dave Cannon made it 12-0 early in the third quarter when he capped a 50 yard drive with a sneak from the one.

Holy Name's two TDs in the final frame came on drives of 46 and 31 yards with Dubord lugging the leather most of the

way. Joe Young blasted over from the one yard line and Dubord from the three to round out the Crusader scoring.

Halfback Bob Bricco, who saw action in only the first quarter, contributed 39 yards rushing while Joe Young rambled for 46, Chris Young 45 and Cannon 35.

Joe LaFleur was outstanding among the rugged Crusader defenders, recovering two Baraga fumbles. Bob Gorenchian, Bill Peltier, Joe Young and Dan Pfeiffer were other key figures in the Holy Name defense.

The Crusaders will return to Great Northern Conference warfare in a home game Saturday afternoon against Menominee. Both are unbeaten in GNC action.

Bricco came off the gridiron midway in the first period with a back injury and Coach Tom O'Neil held him out of action for the remainder of the game.

Loss of the hard-hitting halfback hurt the Crusader offense until the Young brothers and Dubord began chewing up big yardage in the third quarter. Bricco will undergo an examination to determine the extent of the injury.

QUARTERBACK JIM BOYLE skirts his right end for a substantial gain against the Kingsford Flivvers in Great Northern Conference football action at the Escanaba Athletic Field Saturday. Boyle pitched two touchdown passes to end Paul Miller to give the Eskymos a 12-6 victory, their first in three starts this season. (Daily Press Photo)

Braves Tie Redmen In 6-6 Grid Match

GLADSTONE — The injury riddled Gladstone Braves came up with their top football performance of the season Saturday to battle the highly regarded Marquette Redmen to a 6-6 standoff in Great Lakes Conference action.

Coach Don Pfotenbauer's upstart Gladstone team, playing without the services of two star halfbacks who are sidelined with leg injuries, dominated the game but was lucky to escape without a defeat.

The game ended on a near-disastrous note for the Braves when Marquette's Dale DeWitt intercepted a pass on the final play of the contest. He broke into the clear at midfield, but Gladstone's Roy DeWitt stormed from across the gridiron at an angle to nail the Marquette runner on the 30 yard line.

The Braves took command early in the first quarter when they forced the Redmen to punt and drove 60 yards to paydirt the first time they had their hands on the ball.

Gary Larson smashed off tackle and raced 24 yards for the touchdown but his run for the extra point was short and Gladstone led, 6-0.

Minutes later Larson blocked a punt and the Braves lanced to the Marquette five before the Redmen stiffened to take over on downs.

The Braves made one more serious scoring threat in the first half when they pounded across midfield to the Marquette 25.

In the fourth quarter the Redmen faced a third and 19 situation when Ron Rule snared a desperation pass at midfield. Still unable to penetrate the

Gladstone ground defense, the Redmen fired on a third and 10 and Steve Andrews hoisted it to the six yard line.

The Braves held for three downs but Neal Coolman punched over from the one-foot line on fourth down. The run for the point was stopped by Mike Maniaci.

Gladstone seemed headed for the deciding TD when the Braves drove to the Marquette 20 late in the game but a fumble stymied the march.

Gladstone held and slammed back to the Marquette 30 with 18 seconds remaining to set the stage for the final play in which Beerman intercepted and almost went all the way with no time left on the scoreboard clock.

The Braves piled up 167 yards rushing with Maniaci gaining 90 in 16 carries and Larson 59 in 14. They completed one toss for seven yards.

Gladstone held Marquette to 29 yards rushing but the Redmen connected on eight passes good for 173 yards.

Larson was a bear on defense,

hauling down 17 enemy runners while Joe Laguna was in on 14 tackles and Maniaci 11. Other outstanding defensive players included Allan Rabitov, DeWitt and Cole.

The Braves, now 2-1-1 for the season, return to action in a home stand against Manistique Saturday.

Record-Breakers

HALLANDALE, Fla. (UPI)

—Coaltown and Round Table each cracked the two-minute mark in winning the \$100,000 Gulfstream Park Handicap. They share the 1 1/4 mile track record of 1:59 4/5.

Powers at Rock
Pemba at Bark River

The Powers-Spalding Tigers vaulted into sole possession of first place in the Wolverine football conference Saturday by slamming Pemba, defending co-champion, 47-6.

In another conference game Saturday the Bark River-Harris Broncos belted Rock, 42-6.

Tom Smith used a pin-point passing attack to lead Coach Tom LeQuia's Tigers to victory. He pitched four touchdown passes, two to Eugene Folcik and one each to Scott and Kim Riedy. Other Powers touchdowns were scored on runs by Scott Riedy and Jim Gronline and a 44 yard return with an interception by Tom Pipkorn.

Smith hit his target on seven of 15 passes good for 206 yards to go with 132 yards piled up by the Tiger runners who were led by Pipkorn with 66 yards.

Pemba gained 164 yards on the ground but were blanketed in the air, missing all of nine aerial attempts.

Jerry Olson was the big gun in the Bark River attack, galloping for two touchdowns in the first period and two more in the third.

Terry Sagataw had a hand in the other three Bronco touchdowns. He ran for a TD early in the fourth quarter, passed to Felix Saechuck for another and hit Pat Sagataw with a touchdown toss for the third.

Coach Carl Lackey's Rock Little Giants got on the scoreboard against Bark River in the second period when Mike Dube tallied on a 20 yard pass from Dan Johnson to cut the Bronco margin to 12-6.

Kingsford Is Initial Escanaba Victim, 12-6

The Escanaba Eskymos squeaked past Kingsford, 12-6, in a Great Northern Conference thriller Saturday to notch their first victory of the campaign.

The Eskymos built a 12-0 margin in the first half and then hung on as the Flivvers threatened in the late going.

A pair of payoff pitches from quarterback Jim Boyle to end Paul Miller accounted for the Escanaba touchdowns. Another Boyle aerial resulted in Kingsford's touchdown as defensive back Jeff Franson intercepted and fled 97 yards to paydirt midway in the third quarter.

The fourth quarter almost proved Esky's downfall. Early in the period Dave Beaster broke through to block a Boyle punt and Kingsford took over on the Escanaba three yard line.

Bruce Craig pulled his team out of that hole by recovering a Ted Romagnoli fumble on the four. But the Eskymos were still not out of the woods as

again McAuliffe was unable to stay with the Eskymo end. Boyle tossed a strike and the 43 yard touchdown play made it 12-0.

Kingsford's touchdown came like an unexpected bolt from the blue. The Eskymos were driving goallard with Boyle at the throttle. They reached the Kingsford 19 yard line before Boyle's pass, intended for Irish, was snagged by Franson on the three yard line. He threaded his way through a knot of players and galloped up the sidelines for the score.

Boyle was punting from his own 38 when Beaster blocked the kick to set the stage for Kingsford's desperate bid in the fourth quarter.

Escanaba's next start will be at Stephenson Friday night.

Dahlke Earns Top Gun Title

The Delta County Sportsman's Club divided its honors Sunday in the club championship shotgun shoot.

Norm Dahlke put together the best skeet and trap total to win the club's "Top Gun" title, but he failed to win either the skeet or trap event.

In a topsy-turvy shoot with scores held down by adverse wind conditions, John Coan, normally a skeet contender, won the trap title and Tom Grenfell, defending trap champion, won the skeet crown.

Grenfell defeated Maurice Pratt in a shootoff. Runnerup in the trap competition was Fred Swank.

Both trap and skeet events were 50 birds with total score from both events determining "Top Gun" honors. Dahlke's winning performance included a 24 of 25 score on his second round of skeet.

Dotsch Team Rips Bradley

MARQUETTE — Northern Michigan, in its biggest scoring spurge in two seasons, overwhelmed Bradley University, 42-8, before 5,200 Parents' Day fans at Memorial Field Saturday afternoon.

Second-string halfback Larry Snoddy, a freshman from Phoenix, Ill., scored three touchdowns as the Wildcats upped their mark for the season to 2-1. The loss was the second in two games for pass-minded Bradley.

The Braves went to the air 61 times, a record for a Northern opponent, but 11 shy of the all-time Bradley mark, in an effort to move the ball against the Cats. Bradley completed 17 times, but had three interceptions, two of which Northern turned into scores.

Eagles Notch Fourth In Row; Miller Injured

BRIMLEY — Coach Rod Carlson's Engadine Eagles ran their season victory string to four games and tightened their grip on first place in the Eastern Conference with a 20-0 decision over Brimley Saturday.

The triumph was tempered by the loss of fullback Darryl Miller who suffered a broken collar bone. Miller, a 215 pound power runner, had averaged 100 yards per game and scored five touchdowns.

The Eagles opened scoring in the first period with halfback Bill Barber slanting four yards to make it 6-0. Jerry Blanchard recovered a Brimley fumble and Mike Schmitt sneaked two yards to paydirt in the second quarter. Jack Archie kicked the point to make it 12-0.

Schmitt hit Roger Nesbit with a touchdown pass covering 80 yards and Archie's conversion brought the final score to 20-0. Engadine hosts the Loretto Saturday.

Michigan Tech Tops Bemidji Michigan College Teams Extend Long Football Winning Streaks

By The Associated Press
Michigan colleges with the longest football winning streaks stretched them over the weekend, while the state's longest team snapped off its defeat string at 12.

Albion ran its consecutive victories to nine Saturday in trouncing Ohio Northern 14-8 at Albion.

Hillsdale made it seven in a row of two this year, in defeating Findlay of Ohio 28-13 at Findlay.

At Big Rapids, Ferris State defeated Eastern Illinois 17-7 after having suffered 12 straight setbacks.

Michigan State, top ranked nationally, trampled Penn State 42-8 at East Lansing. Michigan ran up its second 1966 victory by beating California 17-7 at Berkeley.

Western Michigan ran over Central Michigan 21-14 at Kalamazoo, and Wayne State lost 37-20 to Wisconsin-Milwaukee.

Northern Michigan toppled Bradley 42-8 at Marquette. Michigan teams as a whole ran up a 10-1-1 mark in games against out of state opponents.

The tie was a scoreless deadlock between Eastern Michigan and Western Illinois at Macomb, Ill.

Hope won 18-14 at Wheaton of Illinois. Michigan Tech used two scoring drives and a recovered fumble to defeat Bemidji, and Northwestern edged Central State of Ohio 20-16 at Midland.

5 Cars Damaged In Same Mishap

Five cars were damaged in the same accident early Sunday morning in Perkins, State Police report.

Troopers said a car driven by George Neurohr, 35, struck the rear of a string of four cars parked on the shoulder of M-35 near the Legion Hall, setting off a chain reaction. The accident happened at 1:35 a.m.

Neurohr, who was not hurt, was ticketed for careless driving and also for not having a valid chauffeur's license. Richard J. Vietzke, 34, Rte. 1, Rapid River, was ticketed for driving left of center after his car ran off County Rd. 1-15 in Masonville Township at 11:30 a.m. Saturday, troopers said.

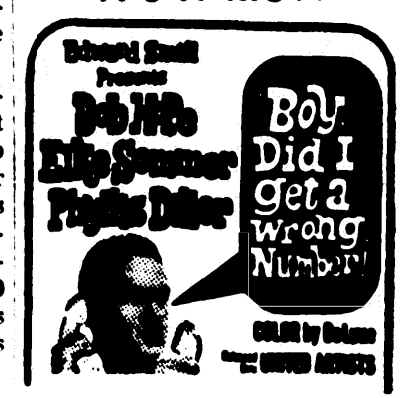

Officers also reported a car driven by Edsell E. Hall, 38, Milwaukee, struck a deer on M-35 about a mile and a half south of Rock at 12:15 a.m. Saturday.

Medicare I-Told-You-So's? Nothing To Shout About

(EDITOR'S NOTE: Americans eligible for Medicare who have not yet applied for the additional coverage offered in Part B of the program should contact their local office of the Social Security Administration before Sept. 30, the deadline).

By TOM NOLAN

WASHINGTON — (NEA) — Medicare critics who have been waiting impatiently since July to scream vindictive I-told-you-so's at the controversial health program are still waiting; there just isn't much to shout about.

Hospitals haven't seen hordes of old people fighting for beds and services, according to the Social Security Administration. Critics said hospitals would be deluged.

Many doctors have apparently recognized the government's interest in the health of the elderly. Although the American Medical Assn. advised its members to bill patients directly, scattered reports show that half the country's physicians are willing to accept direct government payment.

People who have subscribed to the voluntary Medicare program (Part B) which pays part of the doctor's bill and do not have premiums automatically deducted have been paying their premiums to the SSA. Critics said they wouldn't.

In fact, the only real ammunition Medicare has given its opponents is paper—tons of it in the form of additional hospital records, reports, applications, expense bills. It's enough to frustrate even seasoned bureaucrats.

Part B. Another million turned down the additional protection. Before Oct. 1, the Social Security Administration wants to know how many of the remaining 800,000 oldsters are interested in Part B. People who want the coverage but miss the deadline will have to wait until the following October, the final "final" deadline.

About that paperwork. Hospitals are finding they must fill out more forms and keep more detailed records than ever before. The government insists on standard "cost-finding" accounting methods and, currently, only four out of every 10 participating hospitals use this system. The deadline for this changeover is Jan. 1, 1968.

Patients, too, must cut their way through the paperwork jungle. There are many new forms and records of medical expenses to be maintained to determine whether a person qualifies for doctor-bill benefits under Medicare's complex \$50 deductible insurance plan. And the paper is also piling up in regional offices of the Blue Cross Assn. Blue Cross is administering Medicare benefits for more than 90 per cent of the people over 65.

Before July 1, when Medicare was launched, Blue Cross spokesmen predicted that the association could do the job with a slightly enlarged staff. But after three months of operation Blue Cross has added more than 1,000 full-time employees and the number could reach 5,000.

Teachers Corps Has Money Pinch

DETROIT (AP) — Unless Congress votes more money, the National Teachers Corps may be in danger of collapsing in the Detroit area, the Detroit News reported in its Sunday edition.

The paper said that 30 corpsmen "have become bitter and dejected" over low salaries. The corpsmen, assigned to inner city schools, were promised the equivalent of a starting teacher's salary.

But because Congress has failed to appropriate funds for the program, the News said, the corpsmen, assigned to inner city schools, were promised the equivalent of a starting teacher's salary.

Most corpsmen, the newspaper said, expressed a desire to stay in the program, if Congress comes through with the money.

Briefly Told

State Police of the Gladstone Post issued traffic summonses over the weekend to Richard A. Mack, Carney, speeding; Nathalie C. VanBroeklin, N 17th St., Gladstone, no valid registration plates and no insurance; Francis G. Dunlop, Brampton, allowing unlicensed minor to drive; Darlene M. Tepper, Marquette, speeding; Thomas M. Fenlon, 112 S. 8th St., Escanaba, failed to yield right of way. Ian K. Hunter, Gladstone, expired registration plates and no insurance.

Phone Workers On Day-To-Day

DETROIT (AP) — Michigan Bell Telephone Co. and the Communications Workers of America have agreed on a day-to-day extension of their contract while they continue negotiations on a new pact.

The old contract, covering some 17,000 Michigan telephone employees, would have expired Friday midnight had it not been extended.

The union is pressing for gains similar to those won in Ohio Bell and Western Electric negotiations previously.

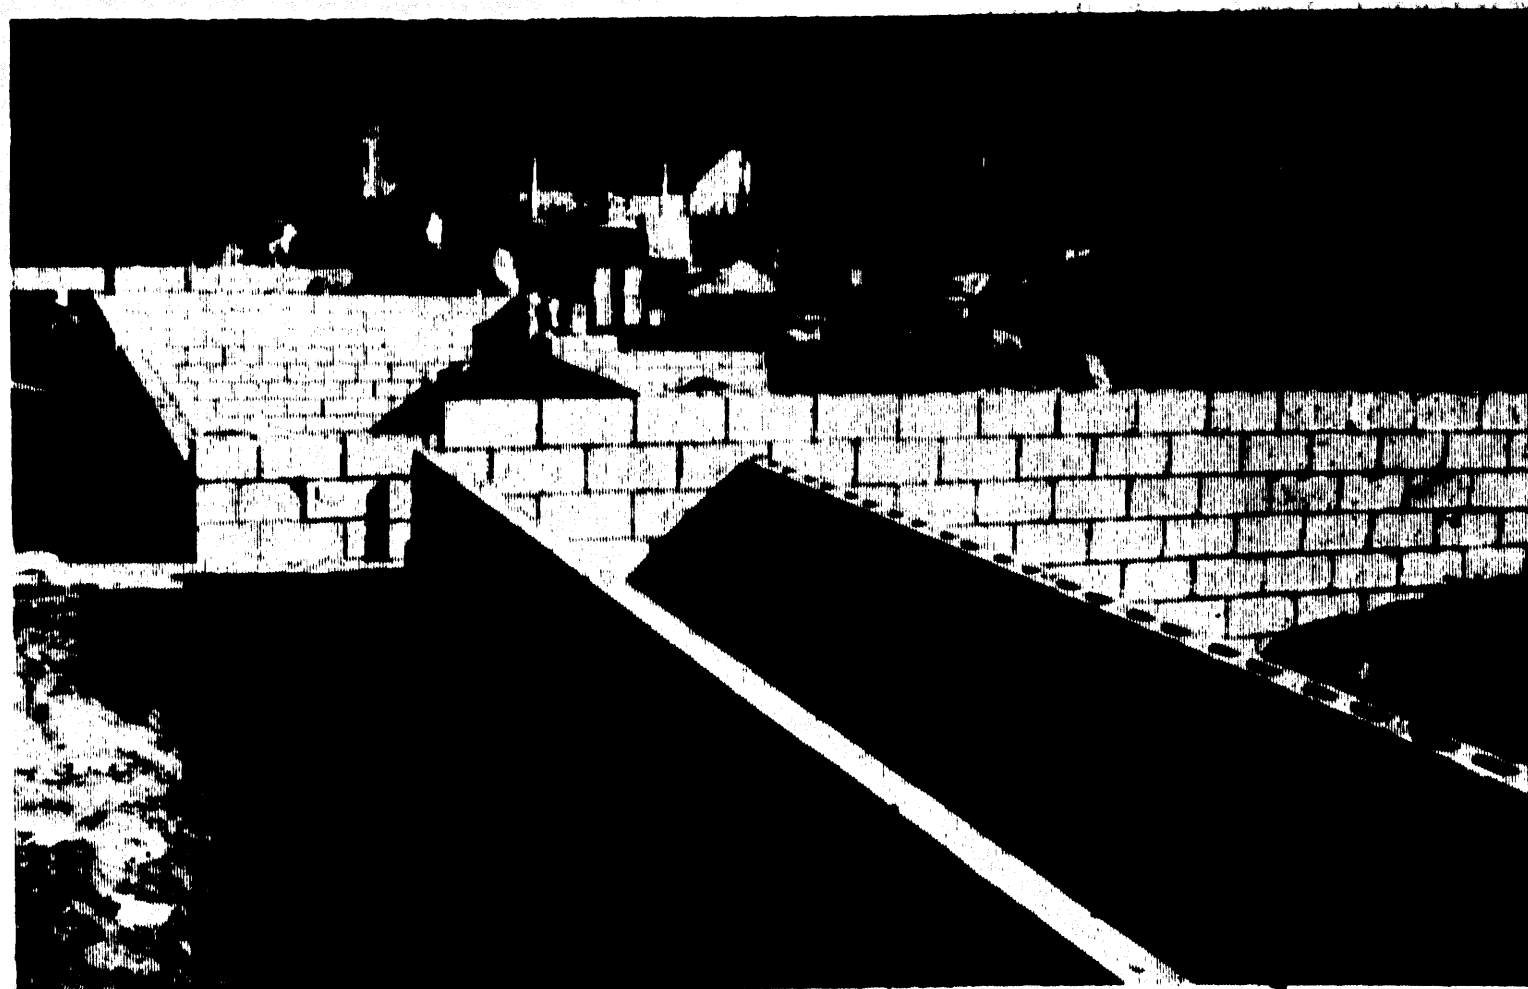

The new Ohio contract reached last Saturday runs for three years and provides wage increases ranging from \$3.50 to \$5 weekly during the next 18 months. At that time the pact is renewable on wages.

Total cost of wage and fringe increases was estimated at 7 per cent, and CWA was successful in further elimination of wage differentials between various towns in Ohio.

A study by a major national insurance company of claims over a five year period shows hunting ranked 16th on the list of so-called "dangerous" sports. In that period, there were 777 hunting claims and 4,318 from football.

FOOTINGS and foundation work for the new Franklin Elementary School of the Escanaba Area public school system are being put in by Olsen & Flath Construction Co. of Escanaba at the site on S. 6th St. and 2nd Ave. S. The new school is expected to be ready for occupancy by Sept., 1967.

It is one of three new schools to be constructed under a \$1.45 million bond issue approved by Area School district voters last February. Design calls for eight rooms, plus multi-purpose room. (Daily Press Photo)

Hearing Oct. 5 On MG&E Sale

WASHINGTON (AP) — The Securities and Exchange Commission has scheduled a hearing for Oct. 5 on a plan by the American Electric Power Co., Inc., a New York City holding company, to acquire a small Michigan utility.

The commission postponed an earlier scheduled hearing to permit American Electric time to file amendments which reflect a settlement with Michigan Gas & Electric Co., the utility which had previously opposed the plan.

Donald Cook, a former SEC chairman, is president of American Electric.

A previous agreement before

the SEC for approval called American Electric to obtain stocks in the Michigan utility through a third company, Michigan Gas Utilities Co., Monroe, Mich.

Last month, the SEC said a July 1 agreement between American Electric and Michigan Gas Utilities, on its face, went beyond normal and permissible preliminaries for transactions of this type and may have violated federal law.

An agreement among the three firms now calls for purchase of stocks at \$115 a share instead of \$100. The small utility and its board chairman support this higher settlement and the chairman will offer his shares to American Electric for \$115.

The SEC said one of the things it will investigate at the hearing is whether competitive conditions will be maintained if the agreement were approved.

Board Honors Quarnstrom For Years Of Service

The Delta-Schoolcraft Intermediate District honored retiring Superintendent H. A. Quarnstrom at a recent meeting.

Carl Van Remortel, Board president, presented Quarnstrom with a gift of luggage and on behalf of the board expressed thanks and the wish for many happy years of retirement. The joint dinner-business meeting was held at Rapid River.

Members of the Board in attendance were Violet Freeland, Harry Johnson Jr., Carl Van Remortel, Richard Bonifas and Donald MacLean. Also present were Mrs. Quarnstrom, Mrs. Carl Van Remortel, Mrs. Harry

Johnson Jr., Mrs. Richard Bonifas, Mr. and Mrs. Bob Loo-deen, and Mr. and Mrs. R. L. Godmer.

Quarnstrom was previously honored by the Delta-Schoolcraft County Superintendents group and presented a watch on that occasion.

Powers-Spalding

The Pinecrest Auxiliary will hold its first meeting of the 1966-67 fiscal year at the Pinecrest Medical Care Facility auditorium on Thursday, Sept. 29, at 8 p. m. with president Mrs. Napoleon LaBonte Sr., presiding. A progress report on the electric organ fund raising project will be given.

The tuatara, found in New Zealand and nearby islets, is the sole survivor of the prehistoric dinosaurs.

Grouse Fewer, Hunters Told

Upper Peninsula ruffed grouse hunters got the bad word today — it looks as though there will be fewer partridge this year than last.

Commenting on the prospects for the opening of the small game season which opens Saturday, Ralph Bailey, Marquette regional game biologist for the Michigan Conservation Department, said reports from the department's field personnel indicate there was a decline in ruffed grouse broods generally throughout the Upper Peninsula.

The drop ranges from an estimated high of 50 per cent to only a slight decline, Bailey said.

An ice storm that hit the western Upper Peninsula last December may have cut into the ruffed grouse population, Bailey said.

Prospects for sharp-tailed grouse were not any better. Spring dancing ground counts turned up fewer birds this year than last, and three more areas in the Upper Peninsula were ordered closed to sharp-tail hunting this year — Iron and Menominee Counties and Drummond Island in Chippewa County.

The sharp-tail season also opens on Oct. 1 — as does the season on woodcock, geese and snowshoe hares. (Duck hunting does not become legal until Oct. 1.)

The archery deer and bear season and the second early firearms bear season also open on Oct. 1.

One of the brightest spots on the Upper Peninsula small game hunting scene, Bailey said, is the snowshoe hare population. This popular game species was abundant last season, and the population appears to be holding up very well this fall, Bailey reported.

Ford River Lions Hold Ladies Night

A ladies night program was enjoyed by the Ford River Lions Club at Tom Swift's at Bark River recently, with Mr. and Mrs. Chris Bodjanac in charge of the arrangements. Phil A. Miron, president, conducted the meeting and Ralph Nordquist served as tail twister.

William Racine, with the U. S. Navy and son of Mr. and Mrs. Bodjanac was a guest for the evening and transfer member Dale Kivi from Powers-Spalding, and Mrs. Kivi were introduced.

A steak dinner will be held at the Ford River Community building on Saturday, Oct. 1. Reservations must be made and Jerome Stannard and William Spieth are co-chairmen.

First shot in the Civil War was fired on Jan. 9, 1861.

Practical Nurses Of U.P. To Meet

MARQUETTE — Mental retardation, medicare, and public health will be high on the discussion agenda when the Upper Peninsula Council of the Michigan Licensed Practical Nurse Association holds a two-day conference at Northern Michigan University Wednesday and Thursday, Sept. 28-29. Participants will hear addresses by Robert Carter, assistant professor of psychology

and education at NMU, Dr. Ann Pillote, Marquette; Dr. David Wall, Marquette, director of the U. P. Mental Health Clinic; and Dr. James R. Acock, also of Marquette, director of Morgan Heights Sanatorium.

President of the MLPNA, Mrs. Irah E. Cochran, Quincy, will address the group at a noon luncheon.

Thailand is the only country in southeastern Asia which, at some time, has not been ruled by a European power.
